Borg Warner Model 8 Automatic Transmission:

British Luxury Cars of the 1950s and '60s James Taylor, 2016-09-22 In the 1950s and 1960s luxury car buyers from government ministers to captains of industry almost invariably bought British. These were stately dignified and grand vehicles with many featuring leather interiors and wood trim. Unfortunately that market has now largely disappeared and with it so have the car makers themselves. This new book covers cars in the over 3 litre class from the biggest names in British luxury motoring including Alvis Daimler and Lagonda and high end models from Austin Rover and Jaguar. It examines the features and characteristics of these classic cars as well as explaining why they fell from prominence in the 1970s. Replete with beautiful photography throughout this book is a loving portrait of the British luxury car a dearly missed saloon defeated by foreign imports.

JAGUAR E-TYPE Nigel Thorley, 2011 This book provides an insight into the background development and features of Jaguar's iconic E Type in both historic and modern day terms and is beautifully illustrated with superb archive images and modern studio photography.

British Car Advertising of the 1960s Heon Stevenson, 2015-03-27 During the 1960s the automobile finally secured its position as an indispensable component of daily life in Britain. Car ownership more than doubled from approximately one car for every 10 people in 1960 to one car for every 4.8 people by 1970. Consumers no longer asked 'Do we need a car?' but 'What car shall we have?' This well illustrated history analyzes how both domestic car manufacturers and importers advertised their products in this growing market identifying trends and themes. Over 180 advertisement illustrations are included.
