This land is your land, and this land is my land
From California, to the New York Island
From the Redwood Forest, to the Gulf stream waters,
this land was made for you and me
As I was walking a ribbon of highway
I saw above me an endless skyway
I saw below me a golden valley
This land was made for you and me
This land is your land, and this land is my land
From California, to the New York Island
From the Redwood Forest, to the Gulf stream waters,
this land was made for you and me
I've roamed and rambled and I've followed my footsteps
To the sparkling sands of her diamond deserts
And all around me a voice was sounding
This land was made for you and me
This land is your land, and this land is my land
From California, to the New York Island
From the Redwood Forest, to the Gulf stream waters,
this land was made for you and me
The sun comes shining as I was strolling
The wheat fields waving and the dust clouds rolling
The fog was lifting a voice come chanting
This land was made for you and me
This land is your land, and this land is my land
From California, to the New York Island
From the Redwood Forest, to the Gulf stream waters,

Church Camp Songs For Guitar:

The Lord's Song in a Strange Land Jeffrey A. Summit, 2003-03-27 Across the United States Jews come together every week to sing and pray in a wide variety of worship communities Through this music made by and for ordinary folk these worshippers define and re define their relationship to the continuity of Jewish tradition and the realities of American life Combining oral history with an analysis of recordings *The Lord's Song in a Strange Land* examines this tradition in contemporary Jewish worship and explores the diverse links between the music and both spiritual and cultural identities Alive with detail the book focuses on metropolitan Boston and covers the full range of Jewish communities there from Hasidim to Jewish college students in a transdenominational setting It documents a remarkably fluid musical tradition where melodies are often shared where sources can be as diverse as Sufi chant Christmas carols rock and roll and Israeli popular music and where the meaning of a song can change from one block to the next

The Best VBS Workbook Ever! Lisa Brown, 2017 Enables organizers to envision and implement a VBS program customized for the local church Practical comprehensive from the ground up approach to VBS Designing a Vacation Bible School program as opposed to choosing one of the many off the shelf packages is a labor of love It considers the unique perspective of children and invests accordingly It is a home cooked meal compared to fast food It sends a message to parents that a church values children enough to identify and meet their specific needs in their community at a particular moment in time Well designed VBS programs speak to children with respect love and patience offering opportunity for authentic spiritual growth not to mention an intentional theology that is reflective of the church Finally custom designed VBS programs are a way to fully include children in the mission and ministry of the church rather than confine their unique gifts This book provides Christian educators with the tools they need to assess the needs and resources in their congregation and to craft a creative program in response to that assessment *The Best VBS Workbook Ever* offers direction and suggestions on theme structure logistics program activities staffing and promotion Audience Episcopal and other mainline churches looking for something more original and thoughtful than typical pre packaged VBS programs Directors of Christian Education Directors of Children's Ministry Camps and Retreat Centers FORMA Kanuga Christian Education conference eFormation network

Sects, Love, and Rock & Roll Joel Heng Hartse, 2010-11-01 If this book moves I hope it moves in the way pop songs do There will be a lot of talk about songs but inasmuch as this is a book about listening to music it is also about how listening to music makes us who we are or at least about how it makes me who I am and so it is an exploration an idiosyncratic and opinionated and particular one of a self shaped by the oddly intersecting forces of the American evangelical Protestant church and the American popular music scene I don't mean for that to sound hoity toity if this were fifteen years ago I would say that this book was about Christian music and I would know exactly what I meant My purpose now is not only to talk about Christian music I am not here to explicate Christian music to explain why it exists and whether it is any good Instead think of what you're about to read as like an iPod
