Battlefield 3 Manual Update:

The Army Lawyer ,2004 **Field Manuals** United States. War Department,1980-10 U.S. Army Human Intelligence Collector Field Manual Department of the Army,2015-01-06 Among the most crucial roles of the United States military in the global War on Terror is the collection of human intelligence from prisoners of war unlawful combatants and others On the heels of controversy over some of the techniques used to extract information such as waterboarding the Department of the Army completely revised its interrogation guidelines The result is this book the United States Army s human intelligence collection playbook which gives instructions on the structure planning and management of human intelligence operations the debriefing of soldiers and the analysis of known relationships and map data The largest and most newsworthy section of the book details procedures for screening and interrogation which permits a specific number of interrogation techniques described in Chapter 8 as approach techniques These techniques described in great detail carry such names as Emotional Love Mutt and Jeff False Flag and even Separation A must read for today s military buffs U S Army Human Intelligence Collector Field Manual is also a valuable resource for anyone seeking strategies to employ in the gathering of information

Forging the Sword Benjamin Jensen,2016-02-24 As entrenched bureaucracies military organizations might reasonably be expected to be especially resistant to reform and favor only limited incremental adjustments Yet since 1945 the U S Army has rewritten its capstone doctrine manual Operations fourteen times While some modifications have been incremental collectively they reflect a significant evolution in how the Army approaches warfare making the U S Army a crucial and unique case of a modern land power that is capable of change So what accounts for this anomaly What institutional processes have professional officers developed over time to escape bureaucracies iron cage Forging the Sword conducts a comparative historical process tracing of doctrinal reform in the U S Army The findings suggest that there are unaccounted for institutional facilitators of change within military organizations Thus it argues that change in military organizations requires incubators designated subunits established outside the normal bureaucratic hierarchy and advocacy networks championing new concepts Incubators ranging from special study groups to non Title 10 war games and field exercises provide a safe space for experimentation and the construction of new operational concepts Advocacy networks then connect different constituents and inject them with concepts developed in incubators This injection makes changes elites would have otherwise rejected a contagious narrative
