mature audiences only and features intensely erotic situations bdsm play spanking forced exhibition public humiliation submission and dominance All characters are 18 or older Jonathon has found a new toy and he believes he has a way to program it so that it will measure a woman s arousal When he catches Erica ogling a group of male models across the street from where they are having dinner he decides to bring her in on his little experiment If she can control herself and her body s responses while sitting through a male underwear fashion show she ll be free to spend the rest of her vacation exactly how she wants Eager to please and a little tipsy Jen boasts that the challenge will be easy but Robert knows her too well For each threshold you pass on the thermometer he adds you take off a piece of clothing right there and then Erica agrees secretly turned on by such high stakes but she knows that if she isn t careful arousal and humiliation will form a compounding feedback loop that will leave her the center of an impromptu exhibition more than sufficient to steal the show Excerpt He fished in his pocket and produced a long and narrow object in a plastic case An interesting souvenir I found in the shops today he said holding it out for my inspection A digital thermometer I asked in confusion A little experiment he said A challenge for you A fun one I don t understand It s programmable he explained twisting it so that I could see several buttons at the end opposite the metal sensor I can set it to beep at preset temperatures and it s sensitive to hundredths of a degree So So that means it can be used to measure blood flow I don t And then I understood what he was saying and I realized the thought that had put that wicked smile on his handsome face I blushed furiously and crossed my legs under the table The notion was so demeaning But that was his favorite game of course putting my head and my body in conflict and confusion So you want to put it I said in trepidation That s right I took a gulp of wine It warmed my stomach and dulled my hesitations to the point that my desire to make Jonathon happy could overcome them I could tell from the look on his face that he wanted this wanted me to say yes How could I say anything else when he looked at me that way This is what we re going to do he said When I found this in the shop I decided to do a bit of reading and I think I found some numbers we can put to good use We ll set five thresholds Each time you pass one of those thresholds it ll beep If you can stay at level 3 or lower you don t have to come to the gallery with me tomorrow I swirled the wine in the glass The idea was starting to grow on me You don t think I can do it yeah Of course I do he said That s what makes it fun If I thought you couldn t win then I d just be taking advantage of you wouldn t I He said it with a grin on his face that made it me doubt he believed what he was saying The look was infectious and I found myself grinning back at him and wanting to rise to the challenge Men think women are always as horny as they are I ve got more self control in my pinky I said wagging the finger at him Really He said delighted Then maybe we should make it more interesting Make it as interesting as you want I boasted made courageous by the wine and by his obvious pleasure at my confidence I m not losing this one Alright Then each time the thermometer beeps you take off a piece of clothing I what Well why not You said this would be easy I didn t know how to respond He obviously wanted me to say yes but taking my clothes off Why couldn t the stakes be just a little bit lower But of course I knew the answer and if I
