Resources in Education ,2001   Enabling the BC Transfer System British Columbia Council on Admissions and Transfer,2011 This discussion paper outlines processes as well as opportunities and constraints for enabling BC Transfer System institutions to enhance transfer credit information in the BC Transfer Guide making it more reflective of institutional practices and student mobility BCCAT s focus is increasing the availability of transfer credit information for students so they may better plan their pathways across institutions where appropriate to their educational needs and goals Currently 40 institutions comprise the BC Transfer System Seven perform receiving functions only 18 perform sending functions only and 13 perform both sending and receiving functions Two institutions with distinctive curriculum and program design do not articulate on a course by course basis BCCAT is proposing that all institutions be enabled to enhance the scope of their role in the BC Transfer Guide by lifting the sending receiving restrictions and revising the language of the bctransferguide ca site and appropriate BCCAT documents in a manner commensurate with these changes BCCAT is aware that any expansion of transfer credit information within the BC Transfer Guide should proceed cautiously with due consideration of the implications to the system as a whole Therefore BCCAT is operating under two assumptions in making this proposal 1 Institutions want articulation agreements to reflect credit transfer and student mobility patterns and 2 Institutions do not want a significant increase in articulation work This proposal provides several potential opportunities for students and institutions alike The key benefit would be an increase in the available transfer information at the BC Transfer Guide website This would assist students in making more informed choices about their transfer pathways A further outcome would be increased transparency and accountability of transfer arrangements among participating institutions Implications arise for all institutions when one expands the scope of its articulation activity An issue that would require consideration in moving forward under the proposed scenario is the maintenance of articulation agreements which is a shared responsibility between institutions In order to consider this proposal and inform development of a possible implementation strategy BCCAT is seeking feedback from transfer system member institutions students faculty and staff Contains 1 footnote   The Complete Guide to Canadian Universities Kevin Paul,1998 Are you thinking of going to university Whether you are still in high school or thinking about returning to school the decision to go to university is a crucial one Once you ve decided to go making the right choice of school and acquiring the skills needed for success demand solid research This book helps you make those decisions by detailing each step along the way Detailed up to date profiles of the universities are provided as well as exercises to help you pinpoint your goals and interests This revised edition includes the latest information available on each university   **Canadiana** ,1991   **BC Studies** ,1994   **BC Transfer System** British Columbia Council on Admissions and Transfer,2009 The mandate of the British Columbia Council on Admissions and Transfer BCCAT includes the responsibility to manage and coordinate the British Columbia BC Transfer System Upon its inception in 1989 the Council
