**Supervision Essentials for Psychodynamic Psychotherapies** Joan E. Sarnat, 2015-10 Psychodynamic psychotherapy arose in reaction to hierarchical doctor patient aspects of Freudian psychoanalysis It emphasizes instead the partnership between therapist and client and a conscious focus on the power dynamics involved in this inherently unequal relationship In this book Joan E Sarnat describes a relational approach to clinical supervision that is based upon this therapeutic approach While some clinicians treat the supervisory relationship as entirely distinct from therapy Sarnat presents a straightforward and ethical framework within which a supervisor uses his or her clinical skills to help supervisees navigate their responses to their work with clients Clear concise chapters cover the theoretical and empirical basis for a relational model of supervision and offer specific recommendations

for addressing typical problems related by beginning intermediate and advanced supervisees These include challenges associated with racial and ethnic differences as well as legal and ethical issues that occasionally arise in supervision Practical matters including documentation and the format and timing of evaluations are discussed The book also includes revealing transcripts and analyses of the author's supervisory sessions with real trainees including those documented in the author's companion DVD Relational Psychodynamic Psychotherapy Supervision Comprehensive yet straightforward this guide is intended for new and longtime supervisors alike as well as clinical supervisees seeking a conceptual and practical understanding of this essential relationship

*On Supervision* Ann Petts, Bernard Shapley, 2018-05-08 This book comprises papers on the theory and practice of supervision all written by experienced psychoanalytic psychotherapists and Jungian analytic psychotherapists Important aspects of the supervisory relationship are covered including papers on the supervisor's countertransference supervising work with suicidal patients and the dynamics of racial difference in supervision and group supervision and dynamics related to the supervisor's role in the assessment of trainees The contributions in this book mainly began life as presentations to the BAP course on Developing Supervision Skills a space in which new thinking about supervision has been able to be developed by contributors and participants alike The book also covers fundamentals to consider when beginning in supervisory practice including ways of creating a secure frame for thinking to take place and some of the ethical attitudes needed within the supervisory relationship Supervisory technique is considered in broad overview and in some very personal views from two highly experienced supervisors and a supervisee who has keenly observed some different supervisory styles

**Jungian Perspectives on Clinical Supervision** Paul Kugler, The role of supervision in the training of clinical psychologists social workers psychiatrists and psychoanalysts has in recent years taken on increasing importance Even though supervision has long been an essential part of the training of psychotherapists remarkably little was written on the subject until ten years ago This volume addresses the need for more open discussion of the various facets of supervision and the training of analytic candidates with chapters by leaders in the field on elaborating technique elucidating transference and countertransference issues proposing direction and focus to clinical inquiry suggesting dynamic and archetypal formulations of the analytic process and exploring repetitive patterns of behavior thought and fantasy This collection embodies an essential reference source for supervising psychoanalysts and therapists as well as training candidates graduate students in social work and clinical psychology and psychiatry residents Contents Contributors 7 Acknowledgments 13 Notes on Conventions 15 Part I Background 16 1 Introduction 17 2 Historical Notes 29 Mary Ann Mattoon Part II Individual Supervision 39 3 Suggestions Towards a Theory of Supervision 40 Michael Fordham 4 Michael Fordham's Theory and Practice of Supervision 52 Norah Moore 5 Supervision and the Mentor Archetype 62 Lionel Corbett 6 Supervision and the Interactive Field 85 Mario Jacoby 7 Transference Projections in Supervision 93 Joseph Wakefield 8 Styles of Supervision 106 Judith Hubback 9 Sustaining the Potential Analyst's Morale 110 John Beebe Part III The Case Colloquium

**Clinical Perspectives on the Supervision of Psychoanalysis and Psychotherapy** Leopold Caligor, Phillip M. Bromberg, James D. Meltzer, 2013-11-11

In order to complete training successfully every psychoanalyst has to be a supervisee This experience leads each analyst to want to become a supervisor Until recently very little has been discussed about what supervision is how it is done and how it is related to the various theories of psychoanalysis that are held as articles of faith The 1980 1981 program of the William Alanson White Psychoanalytic Society was devoted to supervision with representatives of various schools demonstrating their ways of doing consultations with analysts about patients This book is an extension of that endeavor In it supervisors of various persuasions discuss this topic The editors Leopold Caligor Philip M Bromberg and James D Meltzer are to be congratulated for the high level of discourse represented by the various chapters They are to be commended as well about the eloquent statement this book makes namely there are many answers and approaches and no final answer to the questions raised by the volume

Supervision in Psychoanalysis and Psychotherapy Diana Shmukler, 2016-09-13

Supervision in Psychoanalysis and Psychotherapy demonstrates why supervision is an essential component of any psychoanalytic or therapeutic work Drawing on Winnicott and rich clinical material and featuring work with Patrick Casement this book provides new guidance on psychodynamic supervision and explores how its skilful use can have a significant effect on the outcome of such work enabling the practitioner to rethink their theoretical approach and thereby view issues differently in the clinical setting Built around the case study of a challenging but successful long term individual therapy Supervision in Psychoanalysis and Psychotherapy examines how clinicians can become stuck in their work with certain patients struggling to find a way to get through to them Diana Shmukler brings together a fascinating combination of various perspectives detailing the patient's own words the therapists views and reflections and the effect of a brief introduction to Art Therapy whilst underlining the power and impact both theoretically and practically of using a different approach in supervision Shmukler superbly integrates theory and practice underlining the validity of a two person psychology and the therapeutic relationship whilst also illustrating the centrality of both participants' commitment to and belief in the process of therapy Importantly the book provides a clinical example in which the subjectivities of all the participants are shown to be clearly central to the work Shmukler underlines the significance of supervision to complex cases

even that of a highly experienced therapist Supervision in Psychoanalysis and Psychotherapy will appeal to psychoanalysts and psychotherapists students and trainees in integrative psychotherapy counsellors and psychiatrists as well as patients seeking help for deep seated issues      The Supervisory Relationship Mary Gail Frawley-O'Dea, Joan E.
