 Nielsen focus on teaching the techniques for better thinking that the authors have used themselves for creativity strategic
 planning idea generation process improvements and thinking enhancement Through the usage of a four stage model readers
 learn to understand identify and apply thinking strategies their own as well as others enabling them to quickly recall and use
 them successfully Each one of us has the ability to think clearly and powerfully as we all use particular strategies for thinking
 in various personal and professional situations One of the most interesting yet overlooked aspects of thinking is that each of
 us does it differently Unfortunately most of us have never been taught to think let alone how to identify and use our natural
 thinking strategies This informative and innovative work provides readers with an awareness for the uniqueness of each
 person s thinking strategies and presents skills and techniques for recognizing and applying the characteristics of those
 strategies The authors use a format that is easy to read and apply providing a way to maximize thinking strategies and
 achieve greater performance in virtually any context The result is a book not only for organizational behavior specialists
 human resource professionals and others who help people develop their skills and talents but also a book that can be read
