*Battleground Iraq* Todd S. Brown, 2007-06-29 This gripping journal of a company commander from 2003 to early 2004 in some of the most dangerous areas of post Hussein Iraq discusses tactics techniques and procedures as they evolved in the struggle to maintain order and rebuild the country The journal tells of the dichotomy of combat operations versus nation building It vividly captures the stresses of combat and corresponding emotions as they accumulate over time in a combat outfit It reinforces the ideal of camaraderie among soldiers and deals with the emotional impact of losing friends in battle Understanding these could prove invaluable to those who courageously serve our nation and will continue to endure them in this and future conflicts *Battleground Iraq: Journal of a Company Commander* Todd Sloan Brown, 2007 *Battleground Iraq: Journal of a Company Commander* Todd Brown, U. S. Department of the Army, 2014-12-16 This gripping journal of a company commander from 2003 to early 2004 in some of the most dangerous areas of post Hussein Iraq discusses tactics techniques and procedures as they evolved in the struggle to maintain order and rebuild the country The journal tells of the dichotomy of combat operations versus nation building It vividly captures the stresses of combat and corresponding emotions as they accumulate over time in a combat outfit It reinforces the ideal of camaraderie among soldiers and deals with the emotional impact of losing friends in battle Understanding these could prove invaluable to those who courageously serve our nation and will continue to endure them in this and future conflicts **Battleground Iraq** Todd S. Brown, 2011-08-01 This book originated in the small green notepads ubiquitous among U S Army soldiers As time wore on in Iraq computers and printers became more accessible and I transferred my thoughts onto an external jump drive When I had printer access I would print these thoughts as portions of letters to my wife and parents in part answering the inevitable question What are you doing now I thought the more thorough the descriptions I sent home the more robust the care packages of Cajun flavor beef jerky Gatorade and Gold Bond powder I would receive My father ever the careful historian and on the Army Staff at the time organized these letters and tied them to the headline news and the Pentagon s contemporary appreciation of events My wife mother and Aunts Margy and Nancy sent me more than my body weight in beef jerky Gatorade mix and other delectables The idea of transferring these letters and thoughts into a book proved almost as daunting a task as fighting insurgents I received a lot of encouragement to publish but the one thing that always stuck with me was the idea that writing a book may help someone deploying to combat It became my goal in my own mind my duty to write an honest account of my experiences thoughts and feelings to help deploying combat leaders As I reread this book with the luxury of hindsight I am always amazed at some of the tactical mistakes we made I often debated taking out sections of the book so as to not look foolish cherry or junior varsity Each time wise counsel reminded me that descriptions of evolutionary tactics are far more instructive than revisionist history we learn so much more from our mistakes I learned an incredible amount tactically emotionally and psychologically during my time in Iraq I consider the level of combat and danger I

personally faced there as pretty standard for an infantryman in the Sunni Triangle This book is not a collection of one hair raising RPG ambush after the next though they exist Instead it reflects the boredom camaraderie and moments of terror I experienced throughout my tour It also discusses many of the leadership challenges frustrations and personal squabbles that affect units I always strove to lead an organization that could rapidly adjust to the changing threat hopefully this book conveys the lessons we learned The views expressed are my own and not those of the U S government Department of Defense or U S Army This book is the product of so many people s hard work and sacrifice that I feel guilty putting my name on the cover The first person I have to thank is my wife Kris who has sustained me through eight years of marriage and countless deployments I can never thank her enough for her love care support and understanding while both living and writing this book Our Army asks so much of our loved ones they are the true patriots Special thanks to my mother and father their love leadership and sacrifices are awe inspiring They are my heroes Thanks go to Oscar and Meyer amiable Dachshunds who provided great late night writing companionship although their grammatical contributions were dubious at best Thanks go to the platoon sergeants and commanders I have had through the years I carry invaluable leadership lessons from each of them To the Byers Faunce Panchot and Paliwoda families thank you for raising and nurturing such wonderful sons I am a better man for having known each of them

Brown, Department of the Army, 2015-08-15 Capt Robert Todd Sloan Brown was among the best of our company commanders He and the soldiers he led performed magnificently in some of the division s toughest and most critical operations Indeed some of the materials he wrote or briefed received wide currency within the division when preparing others to follow him into rough neighborhoods It is believed his journal can serve a similar purpose for those on their way to Iraq or someplace like it His narrative is not thoroughly analytical nor is it always fair but it is gripping It provides useful discussion of tactics techniques and procedures as they evolved in Iraq It also touches on the conflict between combat operations and nation building More important it captures the stresses of combat and corresponding emotions as they accumulate over time in a combat outfit Understanding these could prove invaluable to those who courageously serve our nation and will continue to endure them in the long war However this work should also be taken in context The timeframe was 2003 to early 2004 tactics and the environment have changed over time *Battleground Iraq, Journal of a Company Commander, 2007*, 2007
