

Physical Education K-12 practice test questions and answers with complete solutions

The British tradition of fair play is used by educators in physical education programs to promote ✓✓sportsmanship in students.

Using national and state standards to guide effective development of a curriculum will ideally result in a program that ✓✓reflects continuity and coherence across the K-12 scope.

In a 4th-grade class, a physical education teacher groups students into sets of two to work together. One student identifies the source of mistakes made by the second student. On the teacher's predetermined signal, the students switch roles. Based on this information, which of the following curriculum models is the teacher using? ✓✓Peer Teaching Model

Which of the following best illustrates a benefit that physical education students receive from cross-curricular links? ✓✓increased awareness by students of the relevance of all subjects

Which of the following soccer modifications would increase the probability of success for all players? ✓✓widening the goal

In the attribution motivational theory, teachers would most prefer their students to ✓✓ascribe their successes and failures to factors within their own control.

Which of the following teaching strategies arranges the physical education environment so that two or more tasks are going on in a class simultaneously in different places? ✓✓station teaching

After observing students throwing a ball, a physical education teacher determines that most
