International Conference on Information and Knowledge Management** ,1999     *The Impact of Nonverbal Cues on Computer Mediated Communication System Effectiveness* Surinder Singh Kahai,1993     **Object-oriented Software Engineering** Bernd Bruegge,Allen H. Dutoit,2000 This textbook explores the theoretical foundations of software engineering and the principles and practices of various object oriented tools processes and products It encourages students to practise what they have learned in the main text     *The Story of Managing Projects* Elias G. Carayannis,Young Hoon Kwak,Frank T. Anbari,2005-01-30 Project management has been practiced for thousands of years but only recently have organizations begun to apply systematic management tools and techniques to manage complex projects Today s approaches to project management can be traced directly to methodologies designed by the U S military and Department of Defense in the years after World War II Subsequent advances in management information systems have helped to codify project management practices most recently the Internet has dramatically enhanced the ability of individuals teams and organizations to manage projects across continents and cultures in real time The Story of Managing Projects showcases cutting edge research conducted around the world on emerging practices in project management Covering an enormous spectrum of subjects and industries from an upgrade of the Greek railway system to infrastructure reconstruction in Kuwait the authors explore the full range of inter personal technical and organizational dynamics of project management contributing new insights to its theory and application     Public Employees Leadership Institute Robert Bayes Sperry,2011 Public agencies in Iowa are continually challenged with reduced staff levels

reduced budgets and increased expectations for services provided Responding to these demands requires a well informed and coordinated team that includes professionals supervisors technicians lead workers and workers Becoming a coordinated team requires the training and interaction to produce a common foundation to build upon In 2007 a training program did not exist in the state to provide this level of training for existing or upcoming managers and leaders of public agencies The Iowa Local Technical Assistance Program LTAP in conjunction with Iowa public agency representatives set out to provide that foundation by developing the Iowa Public Employees Leadership Academy which was renamed the Public Employees Leadership Institute in July 2011 The Institute is an on demand online training program designed to create better or new leaders and supervisors for Iowa s public agencies The Institute provides a curriculum to train the next generation of leaders who will replace existing leaders when retirements occur Through the Institute Iowa LTAP will provide a coordinated structured non credit educational program available for a modest fee The techniques and skills offered through the Institute can apply to all who wish to develop or sharpen their leadership and management abilities This will be true whether the participants are employed in the public or private sector The 14 courses that were developed and are being offered are as follows Supervisory Techniques and Skills Team Development Communications Skills Leadership Skills Community Service Customer Orientation Legal Understanding Fundamentals of Government Finance Resource Management Operations and Maintenance Basic Management Emergency Management Project Management and Winter Maintenance Management
