Wall Street, Reforming the Unreformable David E McClean, 2015-10-06 McClean argues that a collective move towards stewardship within the financial industry is necessary to restore ethical behaviour and public confidence Drawing on practical examples and offering new policy recommendations this unique philosophical study paints a picture of what a truly ethical trading culture of the future might look like

The Politics and Governance of Basic Education Brian Levy, Robert Cameron, Ursula Hoadley, Vinothan Naidoo, 2018-09-05 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations All over the world economic inclusion has risen to the top of the development discourse A well performing education system is central to achieving inclusive development but the challenge of improving educational outcomes has proven to be unexpectedly difficult Access to education has increased but quality remains low with weaknesses in governance comprising an important part of the explanation The Politics and Governance of Basic Education explores the balance between hierarchical and horizontal institutional arrangements for the public provision of basic education Using the vivid example of South Africa a country that had ambitious goals at the outset of its transition from apartheid to democracy it explores how the interaction of politics and institutions affects educational outcomes By examining lessons learned from how South Africa failed to achieve many of its goals it constructs an innovative alternative strategy for making process combining practical steps to achieve incremental gains to re orient the system towards learning

The Impact of the United Nations Human Rights Treaties on the Domestic Level: Twenty Years On Christof Heyns, Frans Jacobus Viljoen, Rachel Murray, 2024-02-19 This collection of chapters tracks and explains the impact of the nine core United Nations human rights treaties in 20 selected countries four from each of the five UN regions Researchers based in each of these countries were responsible for the chapters in which they assess the influence of the treaties and treaty body recommendations on legislation policies court decisions and practices By covering the 20 years between July 1999 and June 2019 this book updates a study done 20 years ago

A University Education David Willetts, 2017-11-17 Universities have a crucial role in the modern world In England entrance to universities is by nation wide competition which means English universities have an exceptional influence on schools a striking theme of the book This important book first investigates the university as an institution and then tracks the individual on their journey to and through university In *A University Education* David Willetts presents a compelling case for the ongoing importance of the university both as one of the great institutions of modern society and as a transformational experience for the individual The book also makes illuminating comparisons with higher education in other countries especially the US and Germany Drawing on his experience as UK Minister for Universities and Science from 2010 to 2014 the author offers a powerful account of the value of higher education and the case for more expansion He covers controversial issues in which he was involved from access for

disadvantaged students to the introduction of 9 000 fees The final section addresses some of the big questions for the future such as the the relationship between universities and business especially in promoting innovation He argues that the two great contemporary trends of globalisation and technological innovation will both change the university significantly This is an authoritative account of English universities setting them for the first time in their new legal and regulatory framework

World Yearbook of Education 2020 Julie Allan,Valerie Harwood,Clara Rübner Jørgensen,2019-09-30 A timely contribution to the debate on educational governance and equality the World Yearbook of Education 2020 documents the significant changes that have occurred in the last 20 years reflecting a widespread shift from government to governance Considering school context as well as specific school responses around the emergence of particular forms of governance this book presents and contextualises a clear historical account of governance and accountability within schooling Organised into three sections covering Changing contexts of school governance stakeholders and responsabilisation and radical governance carefully chosen contributors provide global insights from around the world They consider educational outcomes and closing the inequality gap and they document radical forms of governance at local level which have sought to create more equitable governance intelligent accountability and greater involvement of key stakeholders such as students Providing a series of provocations and reminders of the possibilities that remain open to us the World Yearbook of Education 2020 will be of interest to academics professionals and policymakers in education and school governance and any scholars who engage in historical studies of education and debates about educational governance and equality

The Every Student Succeeds Act (ESSA) Frederick M.
