narrative and imaginative reading and writing Providing students with more opportunities to sharpen their listening and speaking skills Planning lessons that move beyond Common Core expectations In this provocative and insightful new book Kelly surveys the teaching landscape since the publication of his highly regarded book *Readicide* and finds that although some progress has been made more needs to be done Amid the frenzy of trying to teach to a new set of standards Kelly Gallagher is a strong voice of reason reminding us that instruction should be anchored around one guiding question What is in the best interest of our students Fundamentals of Gifted Education Carolyn M.
