**Commonsense Anticommunism** Jennifer Luff, 2012-05-21 Between the Great War and Pearl Harbor conservative labor leaders declared themselves America's first line of defense against Communism In this surprising account Jennifer Luff shows how the American Federation of Labor fanned popular anticommunism but defended Communists civil liberties in the aftermath of the 1919 Red Scare The AFL's commonsense anticommunism she argues steered a middle course between the American Legion and the ACLU helping to check campaigns for federal sedition laws But in the 1930s frustration with the New Deal order led labor conservatives to redbait the Roosevelt administration and liberal unionists and abandon their reluctant civil libertarianism for red scare politics That frustration contributed to the legal architecture of federal anticommunism that culminated with the McCarthyist fervor of the 1950s Relying on untapped archival sources Luff reveals how labor conservatives and the emerging civil liberties movement debated the proper role of the state in policing radicals and grappled with the challenges to the existing political order posed by Communist organizers Surprising conclusions about familiar figures like J Edgar Hoover and unfamiliar episodes like a German plot to disrupt American munitions manufacture make Luff's story a fresh retelling of the interwar years

**The Cold War Politics of Genetic Research** William deJong-Lambert, 2012-02-10 This book uses the reaction of a number of biologists in the United States and Great Britain to provide an overview of one of the most important controversies in Twentieth Century biology the Lysenko Affair The book is written for advanced undergraduate and graduate students of history history of science It covers a number of topics which are relevant to understanding the sources and dimensions of the Lysenko controversy including the interwar eugenics movement the Scopes Trial the popularity of Lamarckism as a theory of heredity prior to the synthesis of genetics and Natural Selection and the Cold War The book focuses particularly on portrayals both positive and negative of Lysenko in the popular press in the U S and Europe and thus by extension the relationship between scientists and society Because the Lysenko controversy attracted a high level of interest among the lay community it constitutes a useful historical example to consider in context with current topics that have received a similar level of attention such as Intelligent Design or Climate Change

**Biology and Revolution in Twentieth-Century China** Laurence Schneider, 2005-10 In this first comprehensive analysis of biological science in modern China Laurence Schneider traces its troubled development from the 1920s across the 1949 boundary and into contemporary post socialist China Schneider uses his detailed portrayals of influential scientists and

key education and research institutions to explore both internal and external forces at work in scientific development The author examines the largely U S sources of its technical development and the subsequent quality of its research and educational accomplishments At the same time he firmly grounds these in the context of China s national economic and social revolutions These upheavals have been the source of periodic obsessions to use science to regulate nature to manage foreign influence on science and to control scientists The author argues that populist mass science was Mao s solution to problems of control especially in the 1950s when Soviet Lysenkoism was granted the power in China to monopolize biology and ban genetics This book provides the only detailed study of Lysenkoism in China linking its ascendance to the Great Leap Forward and the Cultural Revolution It concludes with an analysis of the phoenix like rise of genetics in recent decades and the assignment of biotechnology to a leading role in plans for economic development Based on a broad range of archival materials and interviews with major actors in the story this book will be a rich resource for all those interested in contemporary China *Historical Abstracts* ,2000 **America, History and Life** ,2004 Article abstracts and citations of reviews and dissertations covering the United States and Canada **Soviet Intelligence and Security Services: 1964-70** Library of Congress. Congressional Research Service,1972 [From Public Policy to Family Dynamics](#) Sana Loue,2024-09-10 This compact book relies on the story of two intertwined Jewish immigrant families to tell a multigenerational Jewish story about the interplay between public social policy cultural categories and the lived experience of working class immigrant Jews from Eastern Europe including trans intergenerational trauma Importantly it focuses on the impacts of pre Holocaust public policy a significant departure from the Holocaust and post Holocaust focus of much of the published literature relating to Jewish intergenerational trauma As such it offers the possibility of better understanding the far reaching and perhaps unforeseen impacts of public policy This book addresses events on both the micro and macro levels and is biographical autobiographical and historical in its scope Sources for this work include archival materials census records maps military records birth and death certificates congressional materials newspaper articles films images interviews with living family members and secondary sources Among the topics covered are Russian Soviet and U S Eugenics Family Internalization of Policy and Rhetoric The Intertwined Impact of Economics Eugenic Policy and Immigration Restrictions The Present Past Policy Identity and Progeny [From Public Policy to Family Dynamics](#) A Case Study of the Impact of Public Policy on Two 20th Century Jewish Immigrant Families adds a human face to writings related to public social policy As the book integrates understandings from diverse fields of study students of public policy social work psychology history Jewish studies immigration studies bioethics and public health as well as social workers bioethicists and historians would be most interested in reading this unique work **Index to Jewish Periodicals** ,1999 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests *Imagining Home* Sidney J. Lemelle,Robin D.G. Kelley,1994-12-17 This collection of original essays brilliantly interrogates the often ambivalent place of Africa in the imaginations cultures and

politics of its New World descendants Combining literary analysis history biography cultural studies critical theory and politics *Imagining Home* offers a fresh and creative approach to the history of Pan Africanism and diasporic movements A critical part of the book s overall project is an examination of the legal educational and political institutions and structures of domination over Africa and the African diaspora Class and gender are placed at center stage alongside race in the exploration of how the discourses and practices of Pan Africanism have been shaped Other issues raised include the myriad ways in which grassroots religious and cultural movements informed Pan Africanist political organizations the role of African American and Caribbean intellectuals in the formation of Pan African thought including W E B DuBois C L R James and Adelaide Casely Hayford the historical ideological and institutional connections between African Americans and South Africans and the problems and prospects of Pan Africanism as an emancipatory strategy for black people throughout the Atlantic

Cinematic Cold War Tony Shaw,Denise Jeanne Youngblood,2010 The first book length survey of cinema s vital role in the Cold War cultural combat between the U S and the USSR Focuses on 10 films five American and five Soviet both iconic and lesser known works showing that cinema provided a crucial outlet for the global debate between democratic and communist ideologies

Forgotten Radicals Walter T. Howard,2005 This detailed investigation of Communists and their Party in the hard coal fields of northeastern Pennsylvania known as the Anthracite draws on sources such as the central archives of the Communist Party of the United States to examine the origins growth and decline of the relatively small but active Marxist Leninist organization that operated there during the first half of the 20th century Anthracite Just mentioning the name of the hard coal region of Pennsylvania conjures up classic images of labor violence and class conflict Molly Maguires Lattimer and the 1902 national coal strike Yet this legendary tradition of labor and class discord has prompted no historian to chronicle the complete story of the region s largest and most active radical group in the 20th century American Communists They are forgotten radicals Chronicling the story of these forgotten radicals allows us to examine American Communism in an important area of the highly industrialized state of Pennsylvania where a major capitalist enterprise the hard coal industry employed a large contingent of immigrant workers for about half of the 20th century To be sure studying these radicals permits us to explore the overall historical pattern of American Communism\_the founding of the Party in 1919 the challenges of the 1920s the heyday of the thirties the turns of World War II and the decline during the McCarthy period\_in a regional context Thus *Forgotten Radicals* fills a niche in local studies of rank and file Communist activity
