Post-Conflict Studies Chip Gagnon, Keith Brown, 2014-07-11 This book examines how the violence of conflict is transformed in the post conflict period Post conflict

studies seek to illuminate theorise and narrate the processes by which societies transition from periods of overt and violent conflict to periods of relative stability and peace Most of the research carried out on post conflict societies has taken place within disciplinary bounds In contrast this volume breaches those boundaries though each author is grounded in a particular discipline the chapters have been written in a spirit of interdisciplinarity The focus of the volume is how the violence of conflict is transformed in the post conflict period into processes that the editors have categorised as criminalisation medicalisation and missionisation Comprised of essays written by a diverse group of scholars and activists from anthropology political science international relations law education religion and military history each section of the book looks at the concept of post conflict in a way that problematises its common usage and highlights the importance of strongly interdisciplinary research into post conflict societies This book will be of interest to students of war and conflict studies peace studies security studies and IR in general

The Nabis and Intimate Modernism Katherine M. Kuenzli, 2017-07-05
 Providing a fresh perspective on an important but underappreciated group of late nineteenth century French painters this is the first book to provide an in depth account of the Nabis practice of the decorative and its significance for twentieth century modernism Over the course of the ten years that define the Nabi movement 1890 1900 its principal artists included Edouard Vuillard Pierre Bonnard Maurice Denis Paul Signac and Paul Ranson The author reconstructs the Nabis relationship to Impressionism mass culture literary Symbolism Art Nouveau Wagnerianism and a revolutionary artistic tradition in order to show how their painterly practice emerges out of the pressing questions defining modernism around 1900 She shows that the Nabis were engaged nonetheless with issues that are always at stake in accounts of nineteenth century modernist painting issues such as the relationship of high and low art of individual sensibility and collective identity of the public and private spheres **The Nabis and Intimate Modernism** is a rigorous study of the intellectual and artistic endeavors that inform the Nabis decorative domestic paintings in the 1890s and argues for their centrality to painterly modernism The book ends up not only re positioning the Nabis to occupy a crucial place in modernism's development from 1860 to 1914 but also challenges that narrative to place more emphasis on notions of decoration totality and interiority [Index Medicus](#), 2004
