Community Care Guide Magazine Oprah:

Inside the Dementia Epidemic Martha Stettinius, 2012-07-23 One in 8 people over age 65 has Alzheimer's disease and nearly fifty percent of those over age 85. With the passion of a committed daughter and the fervor of a tireless reporter, Martha Stettinius weaves a compelling story of her long journey caregiving for her demented mother with a broad exploration of the causes of dementia, means of treating it, and hopes for preventing it. Her greatest gift to readers is that of optimism that caregiving can deepen love, that dementia can be fought, and that families can be strengthened. Her book is appealing, enlightening, and inspiring. Includes appendices on dementia research, source notes, resources for caregivers, and an index.

Age of Oprah Janice Peck, 2015-12-03 Over the last two decades, Oprah Winfrey's journey has taken her from talk show queen to, as Time Magazine has asserted, one of the most important figures in popular culture. Through her talk show, magazine, website, seminars, charity work, and public appearances, her influence in the social, economic, and political arenas of American life is considerable and until now largely unexamined. In *The Age of Oprah*, media scholar and journalist Janice Peck traces Winfrey's growing cultural impact and illustrates the fascinating parallels between her road to fame and fortune and the political, economic rise of neoliberalism in this country. While seeking to understand Oprah's ascent to the near-iconic status that she enjoys today, Peck's book provides a fascinating window into the intersection of American politics and culture over the past quarter century.

African American Culture and Society After Rodney King Josephine Metcalf, Carina Spaulding, 2016-03-09 1992 was a pivotal moment in African American history with the Rodney King riots providing palpable evidence of racialized police brutality, media stereotyping of African Americans, and institutional discrimination. Following the twentieth anniversary of the Los Angeles uprising, this time period allows reflection on the shifting state of race in America, considering these stark realities as well as the election of the country's first black president, a growing African American middle class, and the black authors and artists significantly contributing to America's cultural output. Divided into six sections: The African American Criminal in Culture and Media, Slave Voices and Bodies in Poetry and Plays, Representing African American Gender and Sexuality in Pop Culture, and Society, Black Cultural Production in Music and Dance, Obama and the Politics of Race, and Ongoing Realities and the Meaning of Blackness, this book is an engaging collection of chapters varied in critical content and theoretical standpoints, linked by their intellectual stimulation and fascination with African American life and questioning how and to what extent American culture and society is post-race. The chapters are united by an intertwined sense of progression and regression which addresses the diverse dynamics of continuity and change that have defined shifts in the African American experience over the past twenty years.

2015 Writer's Market Robert Lee Brewer, 2014-08-05 The most trusted guide to getting published. Want to get published and paid for your writing?
