Index funds buy and hold all of the stocks in an index dramatically reducing trading costs and taxes. And now with Larry Swedroe's expert advice the small investor can take advantage of this investment strategy and win big. In *The Only Guide to a Winning Investment Strategy You'll Ever Need* Larry Swedroe explains how index mutual funds outearn older investment strategies. How to pick the right balanced passive portfolio that will reward investors with the highest expected return for the amount of risk the investor is willing to accept. How to play the winner's game with this big and rapidly growing investor trend. Based on over forty years of research by the world's leading financial economists the advice Larry Swedroe offers in this new and valuable book shows that those willing to move beyond conventional wisdom will open themselves to a method of great financial growth.
