Teaching Creative Writing María Leticia González Pérez, Yolanda Cabrer Zayas, Isora Enríquez O' Farrill, 2021-07-16 La escritura es un medio de comunicación y su objetivo más importante es ser entendida por quienquiera que sea el lector. Hoy ponemos a su disposición una obra con una meta muy ambiciosa: satisfacer las necesidades de los futuros profesores de inglés cubanos principalmente de los que impartirán clases en la educación primaria y de los estudiantes interesados en mejorar su escritura creativa en este idioma. The Routledge Companion to Media Anthropology Elisabetta Costa, Patricia G. Lange, Nell Haynes, Jolynna Sinanan, 2022-09-30 The Routledge Companion to Media Anthropology provides a broad overview of the widening and flourishing area of media anthropology and outlines key themes, debates and emerging directions. The Routledge Companion to Media Anthropology draws together the work of scholars from across the globe with rich ethnographic studies that address a wide range of media practices and forms. Comprising 41 chapters by a team of international contributors, the Companion is divided into three parts: Histories, Approaches, Thematic Considerations. The chapters offer wide-ranging explorations of how forms of mediation influence communication, social relationships, cultural practices, participation and social change, as well as production and access to information and knowledge. This volume considers new developments and highlights the ways in which anthropology can contribute to the study of the human condition and the social processes in which media are entangled. This is an indispensable teaching resource for advanced undergraduate and postgraduate students and an essential text for scholars working across the areas that media anthropology engages with, including anthropology, sociology, media and cultural studies, internet and communication studies, and science and technology studies. Chapters 7, 12 and 15 CC BY-NC-ND and Chapter 6 CC BY-ND of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com>.

Re-Imagining Writing: Interdisciplinary Perspectives Phil Fitzsimmons, Johanna Pentikäinen, 2019-01-04 This volume was first published by Interdisciplinary Press in 2014. Across the globe, the nature of writing in the twenty-first century is coming under increasing scrutiny as technology becomes an ever-increasing component of everyday life and as measuring human output also takes hold in many disciplines. This book offers an alternative to these twin developments, providing instead many alternatives. Coming from an international set of authors with different world views, paradigms and praxes, the common theme of writing is explored with deep enthusiasm, interest in productivity and human capacity, and that leads to a polyphonic and progressive inquiry to the subject matter. Each author's initial contribution suggests that writing as an object of study needs reimagining, be it connected to learning, knowledge creation or artistic expression. Writing is a deeply person-centred process and its open, transformative and multidimensional
