The Tutor at Your Side is a complete camera manual uniquely addressing the user's needs at each stage of their development. The Orientation section describes the physical control and menu features with illustrated locations and concise descriptions of function settings and operation, plus page references to detail discussions. The Startup section gives setup and care, and the Quick and Detailed sections give minimal and complete types of operation, respectively. The Effective Use and Refresher sections are unique to the Tutor manuals, giving limitations, workarounds, and a concise review for use after time has passed, respectively. Many of the sections are given separately for the Basic Point-and-Shoot and Creative shooting modes. The manual is constructed for field use with laminated covers and a coil binding.

Canon PowerShot G12 Jeff Carlson, 2011. This book is for anyone who wants to get the best shots possible but isn't sure

what to do next There s the manual as well as competing books and while they all tell camera owners often in 400 pages what the camera can do none of them shows them exactly how to use their camera to create great images Everything in the book is in service of creating a great image The author carefully guides readers through the modes of the camera and gives practical advice from a pro on which settings to use when shooting tips and even end of chapter assignments so readers can test their knowledge Starting with the top ten things users needed to know about the camera author Jeff Carlson carefully guides readers through the operating features Owners get practical advice from a pro on which settings to use when great shooting tips and even end of chapter assignments
