Customer Perception Of Service

Prabhakar C R

Customer Perception Of Service:

A Study on Customer Perception of Service Quality in Life Insurance Companies Prabhakar C R,2023-04-07

Managing a service operation is a mammoth task on the part of the service providers due to its intangible characteristics This requires the service providers and the employee involved need to understand the concept of service service delivery and service quality As the consumer has a key role in the evaluation of the services it is imperative that service providers must have a clear understanding of customer expectations and perceptions This understanding would help to enhance the marketing strategies that are unique to services marketing such as service customization managing evidence making the service tangible and synchronizing supply and demand Service quality is more difficult for the customer to evaluate due to its intangible nature Perception of service quality is a result of customer comparing his her expectations with that of the services delivered Quality evaluations are not made solely on the outcome of a service they also involve an evaluation of the process of service delivery

Your Customers' Perception of Quality Baboo Kureemun,Robert Fantina,2011-06-13

Customer Relationship Management and Customer Service Adele Berndt,Annie Brink,2004 Customer relations management CRM is about maintaining long term customer relationships This book looks at creating and managing customer relationships and how relationship marketing applied throughout any organisation can create new value to build the organisation for the long term In order to achieve CRM companies need to focus on customer retention a high customer commitment and a long term perspective The book examines the changes in the practice of marketing and the solutions offered by relationship marketing It also analyses the profound

impact of technology and how it enables the business to focus on individual customers

Your Customers' Perception of Quality Baboo Kureemun, Robert Fantina, 2011-04-25 A detailed examination of a new concept in customer centricity this book explores customer perception of quality and how to measure it The author introduces a ground breaking model for quantifying the impact that poor perception of quality has on the bottom line It helps readers understand the importance of customer perception how they may be misunderstanding this vital component and how they can look at data collected from a variety of sources surveys customer conversations with sales representatives etc and glean a clear understanding of their customers perception and the insight necessary to improve it

Effect of Employees on Customer Perception of Service Brand Emmanuel Mogaji, 2015 The fundamental differences between goods and services pose a challenge on developing an effective advertising strategy this has led many scholars to recommend treating services differently and discussed the importance of communicating the relationship of tangible assets to service operation in order to make the service visible to the prospective customers The presence of employees in advertisements has been highlighted as an example This study offers a practical insight into academic theories and its practical implications citing various examples the authors suggests that frontline staff plays a crucial role in building the service brands from their conduct corporate uniform and courtesy subtle messages about the brands are being passed across to the customers Though with effort from the head office corporate communication team creating advertisement front line employees needs to be made aware of their position and the need to complement the overall service brand

Customer Perception of Service Quality in Hotel Industry Malini Singh S, 2023-04-14 The study on Customer perception of Service Quality in Hotel Industry A case study in Bangalore provides empirical study towards solving the challenge for the hotel management to determine the satisfaction level of their most important service quality dimensions so as to improve on them and ultimately improve on their service quality levels This will enable the hotel owners to retain existing customers and attract new ones at a lower cost The quality of service in hotel industry is an important factor of successful business The existing trend of complete quality management in hotel industry ensures the achievement of competitive advantage of hotel companies and is therefore the subject of contemporary research into service quality in hotel industry High customer satisfaction is critically important to the hotel industry therefore the importance and performance of Hotel should be examined from guests perspectives The quality of product and service in hotel industry is an important factor of successful business This study examines customers perception of Hotel product and service The success of the hotel and lodging industry in a global environment depends on its degree of professionalism Product quality and service efficiency need to be strengthened if a more professional lodging work force is to emerge Delivering quality product and service is an essential strategy for success and survival in today s competitive environment For this study five renowned star hotel of Bangalore have been surveyed and studied and analysis has been done The research has been done to help hotels to improve their product on the whole so necessary a recommendation has

also been given The concept and the conceptual model of service quality is indispensable if we wish to understand the genesis of service quality and potential gaps in quality The aim of this thesis is to show the importance of service quality in hotel industry from both the conceptual standpoint and that of service quality measurement The thesis describes the most common criteria for measuring service quality namely the model of internal service quality and the SERVQUAL model The shown results are those of quantitative and qualitative application of such models in hotels Delivering Quality Service Valarie A. Zeithaml, 2010-05-11 Excellence in customer service is the hallmark of success in service industries and among manufacturers of products that require reliable service But what exactly is excellent service It is the ability to deliver what you promise say the authors but first you must determine what you can promise Building on seven years of research on service quality they construct a model that by balancing a customer's perceptions of the value of a particular service with the customer's need for that service provides brilliant theoretical insight into customer expectations and service delivery For example Florida Power Light has developed a sophisticated computer based lightening tracking system to anticipate where weather related service interruptions might occur and strategically position crews at these locations to quicken recovery response time Offering a service that customers expect to be available at all times and that they will miss only when the lights go out FPL focuses its energies on matching customer perceptions with potential need Deluxe Corporation America's highly successful check printer regularly exceeds its customers expectations by shipping nearly 95% of all orders by the day after the orders were received Deluxe even put U S Postal Service stations inside its plants to speed up delivery time Customer expectations change over time To anticipate these changes Metropolitan Life Insurance Company regularly monitors the expectations and perceptions of their customers using focus group interviews and the authors 22 item generic SERVQUAL questionnaire which is customized by adding questions covering specific aspects of service they wish to track The authors groundbreaking model which tracks the five attributes of quality service reliability empathy assurance responsiveness and tangibles goes right to the heart of the tendency to overpromise By comparing customer perceptions with expectations the model provides marketing managers with a two part measure of perceived quality that for the first time enables them to segment a market into groups with different service expectations **Customer Perception of Service Quality at the Business Studies Unit of the Durban University of Technology** Nishi Manuel, 2008

Telecommunications Quality of Service Management Antony Oodan, 2003 An understanding of the basic concepts of quality and its management is essential for the professional management of Quality of Service QoS in telecommunications This book is essential reading for all those interested in QoS issues *Customer Perception of Service Quality in R & M Electrical Group, Export Division* Lorraine Perry, 2008 Technology-Oriented Customer Touchpoints in Context of Services in Retailing Tobias Röding, 2023-01-10 In this book Tobias R ding addresses the topic of technology use along different touchpoints in context of different services in retailing both in offline and online retail with a total of eight essays In

particular the interaction of technology use and the frontline employee is also considered and a special focus is placed on aspects of data disclosure by customers In this context the essays concentrate in varying degrees on the social interaction between customer frontline employee and a service technology as well as on the balancing of benefits and risks for the customer in a possible disclosure of personal information Based on the essays findings implications for both practice and academia are provided

Influence of Branding on Customer Perception of Service Delivery Among the Counties in Kenya Martin Otundo Richard,2019 For any development to take place in any organization or formal unit that provides a given services the loyalty of the consumers or rather customers must be maintained One basic way of maintaining customer loyalty is by ensuring that the customers are satisfied by the quality of services they are accorded both in quality and quantity Satisfying the customers needs means that there is a concept of customer satisfaction which is directly tied to branding and image creation The aim of branding in any organization that deals in offering a given services is to ensure customer satisfaction The study shall be carried out with the main objective of examining the influence of branding on customer perception of service delivery among the counties within coast region Kenya This study shall adopt a descriptive research design The study shall have a total target population of 90 respondents In this study since the population is small 90 respondents a population census shall be carried out This means that for equal participation all the respondents shall be considered for the study There the research instrument shall be equally distributed to the entire population that is contained in the various counties i e 15 data collection instruments per county Primary data in this study shall be collected using a semi structured questionnaire that shall be administered using drop and pick later method The completed questionnaires shall first be edited for consistency and completeness before processing responses After data cleaning data shall be coded entered into the computer for analysis Data shall be analyzed using SPSS version 22 0 The data shall be analyzed and presented using descriptive statistics such as means and percentages frequency counts and standard deviations The relationship between the independent and dependent variables shall be sought for in what is normally known as the hypothesis testing A regression analysis shall be carried out to check this

A Study of Customer Perception of Telecommunication

Service Providers in Himachal Distt Solan Dr. Renu V.,2013 American National Standards Institute defines service marketing as a consumer satisfaction engineering tool whereby various issues like buying and selling of services knowledge skill of provider and supplier and the style of offering the services the designing of product mix the framing of pricing and promotional strategies and formulation of overall marketing strategies on the basis of informative and intuitive decision with the help of sound information system are analysed and implemented The perception of value plays a very significant role in determining customer satisfaction especially in marketing of a service The value concept appears quite frequently but any clear definition cannot be found until we turn to the literature on pricing Monroe 1991 defines customer perceived value as the ratio between perceived benefits and perceived sacrifice Few studies have investigated the relationship that exists in the service industry between customer satisfaction service quality and perceived customer value Bolton and Drew 1991 found that service quality and satisfaction dissatisfaction experiences were the most important determinant of value They also noticed that value was positively related to customer loyalty

An Analysis of Patients' Expectations and Perception of Orthodontic Dental Service Quality Jonathan P. Suzuki,1999

The Perception of Quality George N. Kenyon,Kabir C. Sen,2014-11-25 Exploring the concept of quality management from a new point of view this book presents a holistic model of how consumers judge the quality of products It links consumer perceptions of quality to the design and delivery of the final product and presents models and methods for improving the quality of these products and services It offers readers an improved understanding of how and why the design process must consider how the consumer will perceive a product or service In order to facilitate the presentation and understanding of these concepts illustrations and case examples are also provided throughout the book This book provides an invaluable resource for managers designers manufacturers professional practitioners and academics interested in quality management It also offers a useful supplementary text for marketing and quality management courses
