Strategic Financial and Investor Communication Ian

Westbrook, 2014-04-03 In today's aggressive marketplace listed companies can no longer rely on their numbers to do the talking. If companies can't communicate their achievements and strategy mounting research evidence suggests they will be overlooked their cost of capital will increase and stock price will suffer. In **Strategic Financial and Investor Communication** the stock price story Ian Westbrook principal of Australia's leading independent financial communications firm argues just this stock price is more a story than a number. Moreover the book will teach you how to tell your own story by guiding you through the fast paced world of financial corporate communication with a professional's pragmatism as well as academic rigour. Whether you're a student or a professional of PR investor relations or corporate communications this much needed guide will teach you how to tell a compelling story about your company that the stockbroker fund manager and corporate media cannot ignore.

EBOOK: Finance for Managers Eduardo Martínez Abascal, 2012-10-16 This book explains everything a manager needs to know about finance and transforms seemingly complex financial information into data that makes sense. It shows the financial basics that a manager of any small medium or large company should know and will leave you confident enough to ask the right business questions and make the correct finance decisions. The first part Operational Finance deals with the basics of financial analysis or analysis of the Profit and Loss and balance sheet so that they can be used to help make decisions. The second part Structural Finance covers investment and financing decisions as well as how to finance the investments planned. The book finishes with a chapter on valuation of companies.
