the market since 2011 It was designed to be the entry model of the family of WP RPN calculators Firmware and user
interface of WP 31S were thoroughly designed written and tested by us creating a new straight and compact technical
problem solver that fits comfortably in your shirt pocket It readily offers you a complete set of mathematical functions for
solving engineering and scientific problems a full fledged UNDO for the first time ever on an RPN pocket calculator an ample
set of statistical operations including curve fitting and forecasting probability distributions like Gaussian Fisher s F Student s
t chi square Poisson binomial Weibull and more over 50 fundamental physical constants as accurate as they are used today
by national standards institutes such as NIST or PTB plus a selection of important constants from mathematics astronomy
and surveying over 80 unit conversions most of them from old British Imperial to universal SI units and vice versa battery fail
safe on board backup memory for your data Furthermore your WP 31S provides ample space for your calculations a choice of
4 or 8 stack levels 4 for compatibility with vintage HP calculators 8 for absolutely worry free computing of even the most
complex formulas you will ever meet up to 17 general purpose registers for permanently storing your data and 14 dedicated
statistics registers for whatever you want to accumulate WP 31S is optimized for manual problem solving it shows a very
clean layout so you find all you need at first view easily Nevertheless it offers you over 340 functions this compact 150 page
manual explains all of them It includes many pictures and examples everything you want to know also about creating flashing
and updating your WP 31S Recommended for any serious science or engineering student as well as for professionals in these
areas
