Person Through the Life Span Kathleen Stassen Berger, 2011-02-18. The seventh edition comes with significant revision of cognitive development throughout childhood, revised and updated chapters on adolescence, and more attention to emerging and early adulthood. It is a thorough revision with new research on everything from genetics to the timing of puberty, including brain development, life span disorders, and cultural diversity. It also includes new learning features promoting critical thinking, revision, and application. Product description: The British National Bibliography Arthur James Wells, 2001

Research Manual in Child Development Lorraine Nadelman, 2003-10-03. This unique hands-on lab manual in child development provides great ideas and resources for teaching research courses involving child subjects. It includes projects in psychomotor, perceptual, cognitive, and social development. Projects are preceded by background essays on the history of that topic, related research, theoretical issues, and controversies. Each project has hypotheses to test, detailed procedures to follow, all stimuli, individual and group data sheets, empty tables, suggested statistics, discussion questions, and an updated bibliography. Special features of this second edition: The introductory text portion details research considerations, including an introduction to psychological research, sections on developmental research, children as subjects, and general experimental research procedures. The popular Infant Observation project has the student visit homes with babies for a semester and provides practice in observational data collection, reliability assessment, and report writing. The cognitive development section includes two new subfields: Theory of Mind and Language. Children's Interpretation of the Word 'Big' in addition to classic studies of Piaget's spatial perspective, taking and attention, and memory. The final chapter describes a suggested

neuropsychological project The socialized child section includes a new study on sibling relationships as seen by the older or younger sibling in addition to the earlier projects on self esteem sex identity and cooperation competition The final section describes a suggested cross cultural interview project *Humanities* ,1982 **Development Across the Life Span** Robert Stephen Feldman,2003 This comprehensive and integrated text provides students with a broad overview of the field of human development covering the entire range of human life from the moment of conception through death and focusing on physical cognitive and social and personality development It covers basic theories and research findings as well as highlighting current applications outside the laboratory Human Development Across the Lifespan John S. Dacey,John F. Travers,2002 This chronologically organized text is less expensive and briefer than most of the Human Lifespan texts Its numerous examples drawn from education nursing and psychology make the content relevant to students from a variety of majors and backgrounds while a highly praised study guide integrated into the text promotes and reinforces conceptual understanding The new edition includes increased material on cognitive development and expanded coverage of culture
