

Hybrid Work Environment: Step by Step Guide

We've put together a step-by-step guide for transitioning from WFH to returning to the office, so you can get back into the swing of things without missing a beat.

01 

Keep safety in mind

First and foremost, safety should be your number one priority when making this transition. We want to make sure that you don't get sick, so it's important to take some precautions.

02 

Give an announcement

When transitioning to a hybrid environment, it's important to give your employees an announcement about the changes that are coming. This will allow them to prepare for the new process and make sure everyone is on the same page.

03 

Flex Schedule arrangement

Once you're ready to have your employees return, you'll need a schedule for them to follow during their workday. The Flex Schedule arrangement allows them to decide when they will work and how long they will work each day, rather than being held accountable for the hours they are physically present at the office.

05 

Add some Home-like perks

If you're working from home and ready to transition back into the office, it's important to make sure your new space is as welcoming and comfortable as possible. To do this, set up a home-like environment in your office, this will help establish a comfortable atmosphere and make it easier for you to transition back into the office setting.

04 

Understand the Challenges

There are a number of challenges that you may face when transitioning from working from home to returning to the office like difficulties with concentration and motivation when working remotely, physical separation from colleagues and customers & more.

06 

Host a meet-and-greet

Hold a meet-and-greet with your team to introduce yourself and get to know them. Try to schedule this one-on-one meeting within the first week of returning to the office, so that you can get a sense of what they're working on and how you can best help them.

07 

Make sure employees feel heard - Take surveys

When you're starting to transition your employees back into the office, it's important to make sure they feel heard. Make sure you take surveys from them about what they thought of WFH and how the transition has been going.
