|----|--------|-------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | B      | 1     | <p>Answering A shows a confusion with the equipment used to measure temperature and the actual units of temperature.</p> <p>Answering C shows a gap in knowledge that the unit of temperature includes 'Celsius'.</p> <p><i>Suggested fix-it: Write a sentence that includes how to measure temperature and what unit is used.</i></p>                                                                                                                                                                                                                                    |
| 2  | A      | 1     | <p>Answering B or C shows a misunderstanding of the 3 states of matter.</p> <p><i>Suggested fix-it: Write a sentence listing the three states of matter and give an example for each.</i></p>                                                                                                                                                                                                                                                                                                                                                                             |
| 3  | A      | 1     | <p>Answering B shows a confusion with solids and metals when grouping the objects. <i>Suggested fix-it: Write a sentence listing the three states of matter and give an example for each.</i></p> <p>Answering C shows some understanding of the properties of solids suggesting a confusion with the term 'state of matter'. <i>Suggested fix-it: Copy and complete this (gaps are underlined): 'There are three states of matter, <u>solid</u>, liquid and <u>gas</u>. Metals are a type of <u>material</u> that are usually <u>solid</u> at room temperature.'</i></p> |
| 4  | B      | 1     | <p>Answering A or C shows a misunderstanding of the states of matter and classifying substances. Fizzy drinks are liquid with air bubbles (gas) within them.</p> <p><i>Suggested fix-it: List which states of matter are present in a tray of ice cubes melting.</i></p>                                                                                                                                                                                                                                                                                                  |
| 5  | A      | 1     | <p>Answering B or C shows a confusion with the properties of solids and liquids/gases. <i>Suggested fix-it: Compare how solids have different properties to liquids.</i></p>                                                                                                                                                                                                                                                                                                                                                                                              |
| 6  | C      | 1     | <p>Answering A shows a misconception that gases form a pool (they actually flow to fill their container rather than form a pool like a liquid). <i>Suggested fix-it: Write a list of the ways that gases and liquids have similar properties.</i></p>                                                                                                                                                                                                                                                                                                                     |
