## Owner's Manual

### 4 Button Remote Security System with Dual Stage Shock Sensor

**IMPORTANT !** In order to provide the highest possible level of security to your vehicle, this system is equipped with selectable manual override circuitry. It is possible that you will need to manually override your security system if the transmitter becomes lost, or inoperative due to battery failure. Reading the sections on "MANUALLY OVERRIDING YOUR SYSTEM" is necessary to fully understand the procedure required to enable your vehicle in such situations. In addition, the chart on the last page of this manual has a section for the particular features and options installed in your vehicle as well as the override method selected. Valer Switch manual override is pre-selected from the factory, however, the system can be configured for "Custom Code" operation. Confirm the override mode selected on the last page of this manual, and familiarize yourself with the selection on its operation.
