## **Cogic Deacon Training Manual:**

**Deacon Training** Kate Ward-Turner, 2008-05 Indifference toward deacon development places the church in a precarious state. By and large, congregations stand to be weakened by deacons who have not discovered the exciting possibilities of the office. When pastor and congregation disregard the need to have trained deacons, the office is allowed to recede into one of mere honor rather than service established in Christ. On the other hand, trained deacons or those in training discover exciting opportunities with which the office of deacons is filled. They come to perceive the office as one of service rather than honor. The church is strengthened exceedingly by their effective and efficient leadership under the sight of the pastor.

Unquestionable. God is looking for a special breed of deacons: a New Testament breed who are Spirit-filled and qualified. To say that deacons are qualified is to say also that they are trained for the work of deacons. *Deaconess Training Manual*

Larry A. Brookins, 2011-09-14 This is a training manual and workbook to be used in preparing women in the church for the work of a Deaconess. **The Biblical Deacon Training Manual** Larry A. Brookins, 2011 Instructional Manual for the

training of individuals for the office of a Deacon. **Divine Callings** Richard N. Pitt, 2012-02 One of the unique aspects of the religious profession is the high percentage of those who claim to be called by God to do their work. This call is particularly important within African American Christian traditions. Divine Callings offers a rare sociological examination of this markedly understudied phenomenon within black ministry. Richard N. Pitt draws on over 100 in-depth interviews with Black Pentecostal ministers in the Church of God in Christ, both those ordained and licensed and those aspiring to examine how these men and women experience and pursue the call. Viewing divine calling as much as a social process as it is a spiritual one, Pitt delves into the personal stories of these individuals to explore their work as active agents in the process of fulfilling their calling. In some cases, those called cannot find pastoral work due to gender discrimination, lack of clergy positions, and educational deficiencies. Pitt looks specifically at how those who have not obtained clergy positions understand their call, exploring the influences of psychological experience, the congregational acceptance of their call, and their response to the training process. He emphasizes how those called reconceptualize clericalism in terms of who can be called, how that call has to be certified, and what those called are meant to do, offering insight into how social actors adjust to structural constraints. **Deacon**

**Training in the Black Church** Eric A. Mayes, 1991-08-01 **The Biblical Deacon and the Deaconess Combined**

**Training Manuals** Bishop Larry A. Brookins, 2020-02-28 This is a combination of my two training manuals: *The Biblical Deacon* and *The Deaconess*. Both are designed to provide training for the church in training men and women for the offices and ministries of Deacon and Deaconess. *Commodity Activism* Roopali Mukherjee, Sarah Banet-Weiser, 2012-02-01 Buying RED products from Gap T-shirts to Apple to fight AIDS. Drinking a Caring Cup of coffee at the Coffee Bean Tea Leaf to support fair trade. Driving a Toyota Prius to fight global warming. All these commonplace activities point to a central feature of contemporary culture: the most common way we participate in social activism is by buying something. Roopali Mukherjee

and Sarah Banet Weiser have gathered an exemplary group of scholars to explore this new landscape through a series of case studies of commodity activism Drawing from television film consumer activist campaigns and cultures of celebrity and corporate patronage the essays take up examples such as the Dove Real Beauty campaign sex positive retail activism ABC's Extreme Home Makeover and Angelina Jolie as multinational celebrity missionary Exploring the complexities embedded in contemporary political activism Commodity Activism reveals the workings of power and resistance as well as citizenship and subjectivity in the neoliberal era Refusing to simply position politics in opposition to consumerism this collection teases out the relationships between material cultures and political subjectivities arguing that activism may itself be transforming into a branded commodity
