Parasocial Romantic Relationships Riva Tukachinsky Forster, 2021-05-05 Parasocial Romantic Relationships Falling in Love with Media Figures explores how why and to what effect individuals develop romantic feelings toward people they know from the media These imaginary one sided relationships dubbed parasocial romantic relationships are both profound and pervasive Riva Tukachinsky Forster argues These relationships can take many forms including adolescents who develop celebrity crushes on popular music artist anime enthusiasts who marry their favorite characters and fanfiction authors who insert themselves into narratives as romantic interests of the protagonist Through analysis of surveys in depth interviews and historical examples this book advances our understanding of parasocial romantic relationships on both a sociocultural and a psychological level The data and theories analyzed offer insights into how individuals can become romantically engaged with people they do not actually know some of whom may not even exist in reality Ultimately Tukachinsky Forster argues that although these relationships exist only in the mind of consumers they serve important psychological functions across
