Cold War Comes Home Answers:

The Cold War at Home Philip Jenkins, 2014-06-30 One of the most significant industrial states in the country with a powerful radical tradition Pennsylvania was by the early 1950s the scene of some of the fiercest anti Communist activism in the United States Philip Jenkins examines the political and social impact of the Cold War across the state tracing the Red Scare s reverberations in party politics the labor movement ethnic organizations schools and universities and religious organizations Among Jenkins s most provocative findings is the revelation that although their absolute numbers were not large Communists were very well positioned in crucial Pennsylvania regions and constituencies particularly in labor unions the educational system and major ethnic organizations Instead of focusing on Pennsylvania s right wing politicians the sort represented nationally by Senator Joseph McCarthy Jenkins emphasizes the anti Communist activities of liberal politicians labor leaders and ethnic community figures who were terrified of Communist encroachments on their respective power bases He also stresses the deep roots of the state s militant anti Communism which can be traced back at least into the 1930s

The Cold War at Home and Abroad Andrew L. Johns, Mitchell B. Lerner, 2018-08-10 From President Truman s use of a domestic propaganda agency to Ronald Reagan s handling of the Soviet Union during his 1984 reelection campaign the American political system has consistently exerted a profound effect on the country s foreign policies Americans may cling to the belief that politics stops at the water s edge but the reality is that parochial political interests often play a critical role in shaping the nation s interactions with the outside world In *The Cold War at Home and Abroad Domestic Politics and US Foreign Policy since 1945* editors Andrew L Johns and Mitchell B Lerner bring together eleven essays that reflect the growing methodological diversity that has transformed the field of diplomatic history over the past twenty years The contributors examine a spectrum of diverse domestic factors ranging from traditional issues like elections and Congressional influence to less frequently studied factors like the role of religion and regionalism and trace their influence on the history of US foreign relations since 1945 In doing so they highlight influences and ideas that expand our understanding of the history of American foreign relations and provide guidance and direction for both contemporary observers and those who shape the United States role in the world This expansive volume contains many lessons for politicians policy makers and engaged citizens as they struggle to implement a cohesive international strategy in the face of hyper partisanship at home and uncertainty abroad

The War at Home Jack Rasmus, 2006 This book is neither typical contemporary literary journalism nor a passion less dry academic treatise Unlike the former which today are works of little more than opinion based on few verifiable facts and characterized by cheering to the crowd of true believers whether left or right **THE WAR AT HOME** provides a virtual mountain of referenceable material from government and other reputable sources and

unlike the latter it is written in a lively readable prose devoid of arcane theory and refuses to eschew partisan argument in the name of a false claim to objectivity The book s themes include explaining why 60 million Americans no longer have regular permanent full time jobs why 11 6 trillion in taxes is being shifted from the middle class to the wealthiest 10% how more than 4 trillion has been permanently siphoned off from the Social Security Trust Fund by politicians what caused 97 000 pension plans to go bust why 46 million Americans today have no health insurance and why out of pocket medical expenses will double in the next few years why eight million quality jobs in the U S have been lost due to Free Trade and why millions more jobs will continue to be rapidly exported to China India and Latin America Publisher The New Republic Herbert David Croly,1908 American Lutheran Survey ,1918 *Rock Island Lines News Digest* ,1943 Native Activism in Cold War America Daniel M. Cobb,2008 Broadens the scope and meaning of American Indian political activism by focusing on the movement s early and largely neglected struggles revealing how early activists exploited Cold War tensions in ways that brought national attention to their issues **The Interior** ,1922 Issues for Jan 12 1888 Jan 1889 include monthly Magazine supplement *The Story of America* Allen Weinstein,David Rubel,2002 This chronicle of our nation from pre Columbian times is not a dry collection of dates and facts but rather a dramatic story filled with twists and turns heroes and villains and even comic relief Photos illustrations American Lumberman ,1918 **Mike Barry and the Kentucky Irish American** Clyde F. Crews,1995-07-14 The Kentucky Irish American began life in 1898 as one of many ethnic newspapers in America but by its final years it attracted an avid national audience of many ethnicities From 1925 the KIA was owned and edited by the Barry family of Louisville by John J Barry to 1950 and by his son Michael to its demise in 1968 This anthology focuses on the Mike Barry years a time of Cold War and Vietnam of Kennedy Nixon McCarthy Goldwater and Happy Chandler Under Mike s brilliant editorship the KIA offered its readers a richly textured pungent voice that combined humor with a constant push for social improvement in Kentucky and in the nation Always the KIA was strong in its support of all things Irish Catholic and American It was also an acerbic commentator on the absurdities of Kentucky politics But the KIA was notable and noticed for its strong positions on national and international issues Red Smith once described the KIA as all the excuse any man needs for learning to read Today s readers can now discover the pleasures of a livelier era in journalism
