stroke of luck he's landed a New Deal assignment to create a mural representing the region for their new Post Office. A wealthy art lover named John Long and his wife Eve have agreed to host Val at their sprawling ranch. Rumors and intrigue surround the couple. Eve left behind an itinerant life riding the rails and singing in a western swing band. Long holds shady political aspirations but was once a WWI sniper and his right hand is a mysterious elder cowboy, a vestige of the violent old west. Val quickly finds himself entranced by their lives. One day Eve flees home with a valuable painting in tow and Long recruits Val to hit the road with a mission of tracking her down. Journeying from ramshackle Hooverilles to San Francisco nightclubs to the swamps of Florida, Val's search for Eve narrows and he soon turns up secrets that could spark formidable changes for all of them. In *The Trackers*, singular American writer Charles Frazier conjures up the lives of everyday people during an extraordinary period of history that bears uncanny resemblance to our own. With the keen perceptions of humanity and transcendent storytelling that have made him beloved for decades, Frazier has created a powerful and timeless new classic.

Varina Charles Frazier, 2019-07-09 With her marriage prospects ruined in the wake of her father's financial decline, teenage Varina Howell decides her best option is to wed the much older widower Jefferson Davis, with whom she expects a life of security as a Mississippi landowner. When he instead pursues a career in politics and is appointed President of the Confederacy, it puts Varina at the white-hot center of one of the darkest moments in American history, culpable regardless of her intentions. As the Confederacy prepares to surrender and she finds herself friendless and alone, Varina and her children escape Richmond. With her marriage in tatters and the country divided, they travel south now fugitives with bounties on their heads, an entire nation in pursuit.
