

COLD WAR REVISION

ORIGINS

'Yalta and Potsdam Conferences responsible for the growth of Cold War tensions in the years 1945 to 1946.'
Wartime alliance was an alliance of convenience over common enemy as Hitler, without this tensions that already existed surfaced and the alliance could not be functional. No longer bound by a common enemy, the uneasy alliance of capitalist and communist superpowers would not endure.

- **Tensions**
 - Failure of agreement over Germany – agree to divide but unsurety on reparations, Americans want new Polish government
 - Roosevelt's death and Truman's 'tough' administration
 - Betrayal of Truman's failure to inform Stalin about the atomic bomb
 - Declaration of Liberated Europe – Stalin did not intend to follow, salami slicing begun
- **Cooperation**
 - Germany reparations (25% of Western zones to USSR) border with Poland moved, German zones to be created with the intention of reunification – at this point genuinely believed
 - Decisions at Yalta for division of Germany, de-Nazification, pledge for free elections in Poland (but tension on London vs Lublin poles)
 - Agreement that USSR would join the War against Japan and join the UN
- **Growing ideological differences** – USA was determined to keep markets open and prevent another economic crash; they set up the Bretton Woods System in 1946 – proved to the Soviets that the US were spreading their own views
- **Other events increased tensions**
 - Long Telegram February 1946
 - Iron Curtain Speech March
 - End of the war itself contribute to power vacuum and changed mindsets of the USSR and USA
 - Disruption during the war about opening of the second front – USSR antagonised as they needed relief on the Red Army in the East – puts Stalin in a greater bargaining position
 - Exposure of the Katyn Massacre of 10,000 polish officers + Soviets in Warsaw Uprising

'The USA was responsible for the division of Germany into two separate states by 1949.'

- **USA** – favour economic prosperity in Germany (avoid mistakes post WW1)
 - Marshall Plan – recovery of Germany and Western block, integral to the development of Europe
 - Bizonia and Monetary Reform – beginning of new individual state – threaten the isolated Eastern Zone
 - Industrial development – German responsibility by September 1947
 - Decision to make FRG comes from US first – part of containment ideology US adopted by 1947
- **USSR** – Stalin's Blockade of Berlin June 1948
 - Results in establishment of FRG and DDR
 - USA feel threatened by Stalin's expansionism (salami-slicing) – considerations about Moscow Influence in Germany
 - Soviets were increasingly secretive about what reparations they were taking from the Eastern zones and there was a breakdown in the agreements made at Potsdam, whereby Stalin was to send food over from the Eastern sector
 - SED Party dominate – using salami slicing tactics
 - Land reforms, nationalism of industry
- **Decision at Potsdam for occupation zones** – first step (both of them responsible, division inevitable)
 - Berlin located in the Eastern Zone – geographical problem
 - Russia demanding 20 billion from Germany – rejected by West
- **Political climate in Europe** – economic hardship and electoral success in Italy and France

Cohen, 2019-09-24 America s Response to China has long

been the standard resource for a succinct historically grounded assessment of an increasingly complicated relationship. Written by one of America's leading diplomatic historians, this book analyzes the concerns and conceptions that have shaped U.S. China policy and examines their far-reaching outcomes. Warren I. Cohen begins with the mercantile interests of the newly independent American colonies and discusses subsequent events up to 2018. For this sixth edition, Cohen adds an analysis of the policies of Barack Obama and extends his discussion of the Chinese-American relationship in the age of potential Chinese ascendancy and the shrinking global influence of the United States, including the complications of the presidency of Donald Trump. Trenchant and insightful, America's Response to China is critically important for understanding U.S. China relations in the twenty-first century.

The Origins of the Cold War, 1941-1947 Walter LaFeber, 1971. *House documents*, 1885. *The Ohio Citizen* J. Mark Stewart, 1994. *Encyclopedia of Violence, Peace, and Conflict*, 1999-08-16. The *Encyclopedia of Violence, Peace, and Conflict*, a three-volume set written by more than 200 eminent contributors from around the world, takes advantage of increasing worldwide awareness in the public, private, commercial, and academic sectors about manifestations of violence in all segments of society. While the contributors do not use these volumes to make specific arguments, they do describe and clarify the developments in thought that have led to current theories about and positions on violence and peace. Our reviewers consistently note that while many in-depth studies of war, peace, and aggression exist, the attendant specialization keeps scholars from learning about related fields. No publication competing with the *Encyclopedia of Violence, Peace, and Conflict* can satisfy their need for a vast introductory work to such a diverse and socially important field. This major work includes more than 190 multidisciplinary articles with over 1,000 cross-references and more than 2,000 bibliography entries for further reading, which are arranged alphabetically for easy access.
