bang for your buck out of this powerful camera **Speedlitter's Handbook** Syl Arena, 2015-07-29 For those new to flash photography or for anyone who has previously given up out of frustration Speedlitter's Handbook Second Edition is a revelation Follow along as photographer Syl Arena takes you on a journey that begins with an exploration of light and color moves through a comprehensive discussion of the Canon Speedlite family and all of the accessories and equipment available to the Speedlitter and finally explores crafting great light in one photo shoot after another Whether you want to make a classic portrait photograph a group capture an important event or create dramatic color effects in your images Speedlitter's Handbook shows you how In this fully updated second edition Syl includes all of the newest Canon gear including the radio enabled 600EX RT Speedlite and ST E3 Transmitter to ensure that you are completely up to date on all of the components in the Speedlite system He also includes a downloadable online supplement on the brand new 430EX III RT Speedlite Plus he covers his newest best practices and workflows so you can make the most of your Canon gear In this new edition you'll learn how to see the various properties of light itself as well as the differences between how your camera sees versus how you see use all the buttons and dials of the entire Canon Speedlite family from the flagship 600EX RT and the new 430EX III RT to vintage models like the 550EX understand the basics of on camera flash and the benefits of getting your Speedlite off the camera beautifully balance flash with the existing ambient light get amazing shots with just one Speedlite all the way up to a dozen Speedlites use the right Speedlite mode for the job E TTL Manual Multi and more use color gels to balance color as well as create dramatic effects tame the sun or any really bright light with high speed sync use Speedlites when photographing groups and events choose your camera's exposure settings to capture the shot that you truly want and much much more **David Busch's Canon EOS 7D Mark II FAST TRACK GUIDE** David Busch, 2017-06 If you've invested in a camera as sophisticated as the Canon EOS 7D II you're looking for more than good pictures you demand outstanding photos After all the 7D II is the most advanced APS-C format camera that Canon has ever introduced It boasts 20 megapixels of resolution blazing fast automatic focus and cool features like full high definition movie shooting But your gateway to pixel proficiency is dragged down by the slim little book included in the box as a manual You know everything you need to know is in there somewhere but you don't know where to start In addition the camera manual doesn't offer much information on photography or digital photography Nor are you interested in spending hours or days studying a comprehensive book on digital SLR still photography that doesn't necessarily apply directly to your 7D II What you need is a guide that explains the purpose and function of the 7D II's basic controls how you should use them and why Ideally there should be information about file formats resolution exposure and special autofocus modes available but you'd prefer to read about those topics only after you've had the chance to go out and take a few hundred great pictures with your new camera Why isn't there a book that summarizes the most important information in its first two or three chapters with lots of illustrations showing what your results will look like when you use this setting or that Now there is such a book If you want a quick introduction to the 7D II's

focus controls wireless flash synchronization options how to choose lenses or which exposure modes are best this book is for you If you can't decide on what basic settings to use with your camera because you can't figure out how changing ISO or white balance or focus defaults will affect your pictures you need this guide **Canon EOS 7D For Dummies** Doug Sahlin,2009-12-30 Get the most out of the new Canon EOS 7D with this fun and friendly guide The new Canon EOS 7D comes equipped with a huge 18.0 megapixel sensor many beginner friendly features to aid in getting great pictures and a video mode that allows you to shoot video as well as stills If you're looking to get the most from the features and functions that come with this DSLR then this is the book for you Written by a veteran author and experience photographer this easy to understand guide shows you how to properly use all the capabilities of this new camera Filled with page after page of full color images this book walks you through the features of the Canon EOS 7D and the software that accompanies it Introduces you to the main features and functions of the new Canon EOS 7D Explains the on board controls shooting in auto mode using live view and playback modes and dialing in exposure and lighting controls Walks you through manipulating focus and color controls and handling situational shooting Addresses getting photos onto a PC for editing Prepare to take aim at maximizing all the features and functions that the Canon EOS 7D has to offer with this helpful book by your side **David Busch's Compact Field Guide for the Canon EOS 7D** David D.
