**The Little Book of Big Weight Loss** Bernadette Fisers, 2017-12-26 Food Rules meets *Skinny Bitch* in this fun accessible guide to radical and sustainable weight loss based on a set of thirty-one food and lifestyle rules for everyone sick and tired of diet failure and confused by conflicting advice and complicated regimens. Successful hair and makeup artist Bernadette Fisers had struggled with her weight for years. She tried and failed many diets, but her life took a turn when she was forced to face a harsh reality: her weight crept up to 287 pounds and she had a BMI reading of forty-two. Pre-diabetic and diagnosed as morbidly obese with a fatty liver and high blood pressure, Bernadette decided that it was the time to ditch the fad diets and take matters into her own hands to turn her life around. She began asking those she knew well, the glamorous models she worked with, learning about their healthy eating habits and their tips on staying trim. She further researched medical reports and nutrition papers until, finally, by trial and error and a lot of experimentation, she created a healthy lifestyle plan that was quick to read, easy to understand, and most importantly, worked long-term. Following her new rules, Bernadette went on to lose more than sixty-six pounds in thirty weeks. *The Little Book of Big Weight Loss* is for anyone who has grown tired of all the confusing, conflicting advice and complicated diet plans. Inspiring and packed with invaluable tips and strategies, this guide provides a fresh, simple, can-do approach to dieting and can help you get on track to achieving your goals and losing weight long-term.

**The Little Book Of Life , Eat a Little Better** Sam Kass, 2018-04-17 Sam Kass, former chef to the Obamas and White House food policy advisor, makes it easier to do a little better for your diet and the environment every day through smart ways to think about shopping, setting up your kitchen so the healthy stuff comes to hand most naturally, and through 90 delicious simple recipes. JAMES BEARD AWARD WINNER, IACP AWARD FINALIST. This book lays out Kass's plan to eat a little better. Knowing that sustainability and healthfulness come most well sustainably when new habits and choices seem appealing rather than drastic and punitive, Kass shares his philosophy and methods to help make it easy to choose, cook, and eat delicious foods without depriving yourself of agency or pleasure. He knows that going organic, local, and so forth all the time is just not realistic for most people, and that's ok; it's all about choosing and doing a little better, and how those choices add up to big change. It's the philosophy he helped the Obamas instill in their home, both in Chicago and that big white one in Washington.
