Translated by Patricia Forbes.* Fr. & Eng Alphonse Daudet, Patricia Forbes, 1950 *The Franco-Prussian War* Karine Varley, 2024-06-14 The Franco Prussian War of 1870 71 has traditionally been seen as a limited conflict between French and German forces This edited volume challenges this view and shows that it was a war of ideas values and perceptions which transformed the political diplomatic and military culture across Europe Based on interdisciplinary research the book suggests that the war raised new questions about power the nation violence and notions of civilization which brought about a decisive shift in how warfare was experienced and perceived While the Franco Prussian War may have begun as a traditional dynastic struggle it became a modern war and an important precursor to the First World War in its use of new weaponry and industrialized warfare At the same time the development of humanitarian movements and international law on the conduct of war meant that the fighting was subjected to unprecedented scrutiny while new technologies accelerated the pace at which narratives about the war were constructed and consumed This volume will appeal to scholars in the fields of war studies international relations and diplomacy and intellectual and cultural history It will also be a useful addition to undergraduate and postgraduate courses on nineteenth century European history and cultural studies Finding the Plot Loïc Artiago, Diana Holmes, David Platten, 2014-08-11 Plot writes Peter Brooks is so basic to our very experience of reading and indeed to our articulation of experience in general that criticism has often passed it over in silence Reading for the Plot xi Finding the Plot both explores and helps to redress this critical neglect The book brings together an international group of scholars to address the nature effects and specific pleasures of consuming stories If the central focus is on France and popular literary fiction the book s scope like contemporary fiction itself observes no national frontiers and extends across a variety of media The book addresses both the empirical question of which genres and types of text have been and are most popular and the theoretical questions of how plots work what pleasures they offer to readers and why it matters that the plot should not be lost **Le Trésor Du Bibliophile Romantique Et Moderne, 1801-1875: Éditions originales, A à K** Léopold Carteret, 1925 **Tartarin of Tarascon** Alphonse Daudet, 1910 Among Our Books Carnegie Library of Pittsburgh, 1920 **Bulletin of the Osterhout Free Library** Osterhout Free Library, 1909 *Monthly Bulletin of the Carnegie Library of Pittsburgh* Carnegie Library of Pittsburgh, 1920 Catalogue of the Central Lending Department ...
