Antonyms or Contrasts as Clues

Sometimes antonyms (or contrasts) are used in writing to help readers understand difficult (or unknown) words. In some cases, the writer may use an antonym. In other cases, an idea is compared to show a contrast.

Example:

On weekdays, I feel incapable of getting up in the morning. On the weekend, it's for me to get up because I can't.

In this sentence, the writer uses a word incapable (not able) by including about getting out of bed on the contrast provides the reader with the meaning of the word.

The Sleepover

I really wanted to sleep at Geovani's house. I thought with a basketball hoop right after he finished to come over and jump on it with him. The next morning, I just knew it would be difficult bedtime.

"Oh, yes, sorry Geovani, I have to sleep with different schedule over and over in my mind. In 10 minutes, figure out how I would get him about sleeping 10-year-olds. They was not usually a person I was a confident person. I was just all sorts of."

"So, what's it going to be, Aunt? Geovani? Yes, yes, I can stay the night!" I whispered. I guess I could try to pass the up Saturday night come quickly. My plan to tell Geovani that I still needed to sleep in there. I'm such a bold!" I mumbled under my self. I just wanted Geovani to like me.

I jumped on the trampoline, oh my! My biggest regret of the night came from asked up to make a bed on the floor opened the storage closet to get pillows and a stuffed animal, too."
