

CONTRATS CIVILS ET COMMERCIAUX

TITRE 1 : LES REGLES GENERALES DU DROIT DES CONTRATS CIVILS ET COMMERCIAUX

CHAPITRE 1 : LES DIFFERENTES CLASSIFICATIONS DES CONTRATS

Section 1 : Généralité

Paragraphe 1 : Définition

Un contrat est civil lorsqu'il constitue un acte civil et commercial lorsqu'il constitue un acte commercial.

Un même type de contrat peut donc être tantôt civil tantôt commercial. Ainsi, la vente de produits faite par un agriculteur à un consommateur est purement civil au contraire celle faite par un épicier en gros à épicier détaillant est purement commerciale.

Paragraphe 2 : Sources des règles applicables aux contrats commerciaux

En principe, les règles applicables aux contrats commerciaux sont celles du droit commun des contrats contenues dans le code civil.

1- L'évolution

- L'intervention de l'Etat dans l'économie

Elle limite de plus en plus la liberté contractuelle. Certaines activités sont monopolisées par des services publics industriels et commerciaux et par suite aux entreprises privées. Même dans le secteur privé, la liberté de conclure les contrats subit des attentes de plus en plus profondes soit pour protéger l'une des parties contre l'autre soit dans un but d'économie dirigée.

- L'intervention des organismes professionnels

Elle se traduit par des contrats collectifs qui s'imposent aux membres de la profession et limitent leur liberté contractuelle. Tel est le cas des conventions collectives de travail conclues entre syndicats patronaux et ouvriers auxquelles doivent se conformer les contrats individuels de travail.

2- Le développement des relations internationales

Il conduit à une certaine unification internationale du droit des contrats commerciaux. Des conventions internationales ont été signées pour soumettre à un droit unique les transports internationaux par mer, par air ou par route. Une convention a été signée pour soumettre à une loi uniforme les ventes internationales de marchandises.

agriculture et l'alimentation *European Law on Unfair Commercial Practices and Contract Law* Mateja Durovic, 2016-07-28 The book examines the ambiguous relationship between the European law on unfair commercial practices and contract law. In particular, the manuscript demonstrates that the Directive 2005/29/EC on unfair commercial practices (UCPD) has had a major impact on contract law despite the declaration concerning the formal independence between the two branches of law established by Article 3(2) UCPD. The insights and conclusions identified in the book contribute to a better understanding of European private law and the general process of Europeanisation of private law in the European Union and in particular of contract law. **Contrats civils et commerciaux** François Collart

Dutilleul, Philippe Delebecque, 2015-09-19 Ce précis analyse les principaux contrats civils et commerciaux internes et internationaux, la fois simples et complexes que passent quotidiennement les chefs d'entreprise ou les ménages, les professionnels ou les consommateurs. Il montre que le droit des contrats s'est fortement spécialisé et diversifié au cours de ces dernières décennies et que s'il relève encore de la théorie générale des obligations, il s'affirme chaque jour avec plus d'intensité et de relief dans des dispositions particulières et concrètes. Cette nouvelle édition est pour des raisons importantes, notamment de la loi du 17 mars 2014 relative à la consommation et de la loi du 24 mars 2014 dite loi ALUR et de la loi Macron pour la croissance, l'activité et l'égalité des territoires. *Contrats civils et commerciaux*, 1981

Lalive (jurist.), Institute of International Business Law and Practice, 1988 International Survey of Investment Adviser Regulation has been compiled to provide a practical user friendly comparative survey of the investment adviser regulatory systems in various countries around the world in the European Union. A primary purpose of this major reference work is to help shape the direction of investment management regulation. It provides a very useful comprehensive resource for all those involved in international investment. In view of the rapid pace of internationalisation of the world's securities markets, knowledge of regulatory schemes around the world is an absolute necessity for both legal practitioners and international money managers. It is essential reading for regulators who continually have to reevaluate their response to changes in the investment management marketplace. This survey represents an international cooperative effort undertaken at the request and under the direction of the law firm Debevoise & Plimpton.
