Books And Periodicals In Brazil 1768 1930:

Books and Periodicals in Brazil 1768-1930 Ana Claudia Suriani Da Silva, 2017-07-05 Before the Portuguese Royal Court moved to its South American colony in 1808 books and periodicals had a very limited circulation there It was only when Brazilian ports were opened to foreign trade that the book trade began to flourish and printed matter became more easily available to readers whether for pleasure for instruction or for political reasons This book brings together a collection of original articles on the transnational relations between Brazil and Europe especially England and France in the domain of literature and print culture from its early stages to the end of the 1920s It covers the time when it was forbidden to print in Brazil and Portugal strictly controlled which books were sent to the colony through the quick flourishing of a transnational printing industry and book market after 1822 to the shift of hegemony in the printing business from foreign to Brazilian hands at the beginning of the twentieth century Sandra Guardini Vasconcelos is Professor of English and Comparative Literature at the University of Sao Paulo

Comparative Perspectives on the Rise of the Brazilian Novel Ana Cláudia Suriani da Silva, Sandra Guardini Vasconcelos, 2020-05-14 Comparative Perspectives on the Rise of the Brazilian Novel presents a framework of comparative literature based on a systemic and empirical approach to the study of the novel and applies that framework to the analysis of key nineteenth century Brazilian novels The works under examination were published during the period in which the forms and procedures of the novel were acclimatized as the genre established and consolidated itself in Brazil

History of Brazilian Journalism Otávio Daros, 2024-12-13 This book constitutes a first of its kind synthesis of the development of journalism in Brazil considering both its mediations with national social and political life and its relationships of influence and dependence on international economic centers The author suggests that Brazilian journalism has so far known four phases doctrinal political journalism narrative literary journalism industrial news journalism and multimedia

infotainment journalism Devoting a chapter to each phase Daros presents a critical map of the genesis and metamorphosis of journalistic practices in the country The analysis goes beyond a mere study of national history to mark the points of connection between the Brazilian case and other geographic spaces showing how the profession moved between two Western paradigms and was continually shaped by the economic political and cultural context from which it emerged and was inserted The final part of the book reflects critically on the state of Brazilian journalism today considering the new social media culture the increasing focus on costs over quality of news products and the failed social responsibility of the profession to inform national public opinion This study is an important touchstone for researchers of Brazilian and Latin American journalism and those interested in the ways in which the media shapes and is shaped by a country's socio political climate

The Transatlantic Circulation of Novels Between Europe and Brazil, 1789-1914 Márcia Abreu, 2017-03-28 This book brings a renewed critical focus to the history of novel writing publishing selling and reading expanding its viewing beyond national territories Relying on primary sources such as advertisements censorship reviews publisher and bookstore catalogues the book examines the paths taken by novels in their shifts between Europe and Brazil investigates the flow of translations in both directions pays attention to the successful novels of the time and analyses the critical response to fiction in both sides of the Atlantic It reveals that neither nineteenth century culture can be properly understood by focusing on a single territory nor literature can be fully perceived by looking only to the texts ignoring their material existence and their place in social and economical practices

The Foreign Political Press in Nineteenth-Century London Constance Bantman, Ana Cláudia Suriani da Silva, 2017-12-14 In a period of turmoil when European and international politics were in constant reshaping immigrants and political exiles living in London set up periodicals which contributed actively to national and international political debates Reflecting an interdisciplinary and international discussion this book offers a rare long term specialist perspective into the cosmopolitan and multilingual world of the foreign political press in London with an emphasis on periodicals published in European languages It furthers current research into political exile the role of print culture and personal networks as intercultural agents and the dynamics of transnational political and cultural exchange in global capitals Individual chapters deal with Brazilian French German Indian Italian Portuguese Spanish Spanish American and Russian periodicals Overarching themes include a historical survey of foreign political groups present in London throughout the long 19th century and the causes and movements they championed analyses of the press in local and transnational contexts and a focus on its actors and on the material conditions in which this press was created and disseminated *The Foreign Political Press in Nineteenth Century London* is a useful volume for students and academics with an interest in 19th century politics or the history of the press
