Field Service Manual Great Britain. War Office,1908      **Postal Service Manual** United States Postal Service,1970  
Manual for the Motor Supply Train ,1918      *The Civil Service Manual* George Edward Skerry,1904      Naval Policy  
Between the Wars, Volume II Stephen Roskill,2016-07-30 First published in 1968 and 1976 the two volumes of this work still  
constitute the only authoritative study of the broad geo political economic and strategic factors behind the inter war  
development of the Royal Navy and to a great extent that of its principal rival the United States Navy Roskill conceived the  
work as a peacetime equivalent of the official naval histories filling the gap between the First World War volumes and his  
own study of the Navy in the Second As such it is marked by the extensive use of British and American sources from which  
Roskill extracted shrewd and balanced conclusions that have stood the test of time Picking up the story in 1930 this volume  
covers the rise of the European dictatorships on the one hand alongside continuing attempts at controlling arms expenditure  
through diplomacy and treaties Eventually Italian German and indeed Japanese aggression diminished the prospects for  
peace to the point where Britain felt forced to rearm How the Navy used the precious few years leading up to the outbreak of  
war is a crucial section of the book and forms a fitting conclusion to this important study of the inter war years      **Basic**
