Linguistics and Language Behavior Abstracts, 1992 *Sādhanā*, 1994 *The Best Book of Spoken and Written English* Krishna Kumar, Naveen Chaudhary, 2021-11-13 The purpose of this book is to improve the English speaking and writing skills of the common man Speaking and writing correct English is still a challenge to many This book presents an opportunity to everyone to learn English from the basic to the advanced level In this book I have tried to present the lessons in a planned order In order to learn English step by step one should follow the lessons as they have

been presented This book is equally good for students and teachers In fact any person who wants to learn English from the beginning can benefit from this book **Better Spoken English** Geoffrey Leonard Barnard,1971 **Better Spoken English** Geoffrey Barnard,1959 *A Practical Guide to Spoken English* Dr P.N. Gupta,2014-10-14 Teaching of English in India has been traditionally grammar based The teacher teaches a good deal of grammar assigns exercises in class or as homework and makes a lot of corrections Such painstaking efforts on the part of the teacher are of course helpful in learning the language but does not much help the student to use the language in day to day conversation Leaving aside the traditional method of dealing with grammar as an isolated subject the present book offers a specific course in spoken English that focuses on the language of interaction and social exchanges Its main emphasis is on developing communicative ability of the learner **English Mantra** Janardan Mishra,2013-11-18 English Mantra is specially designed for the teachers and the students to develop their English language fluency through different activities The outstanding feature of this book is that it contains specially designed curricula for different levels of students and guidelines for teachers to adopt those curricula Now a days the teachers are not getting proper curriculum or syllabus for teaching Spoken Communicative English in schools and colleges They are also longing for different types of ELT activities for their students This book will be very helpful for them This impressive manual will also enable the readers to improve their communication skills dramatically It will be instrumental to improve their English pronunciation and acquire the correct patterns of accent rhythm and intonation One part of the book is dedicated for simple grammar items like sentence patterns and grammar based conversations which will be handy for the ESL learners to understand the language better Chapters like Group Discussion Personal Interview SWOT Analysis Situation Reaction Test and Writing Resumes will also be very convenient for job grooming of the students Finally students can utilise this book for self assessment of their language skills LSRW Hence the book is a single panacea for the whole problem of communication Spoken English -4E M.C. Sreevalsan, This is a book with successful track record of teaching to speak English with great confidence and style It provides all the necessary material for conversation practice Lessons have been prepared by picking up familiar topics and creating extended dialogues based on everyday situations The exercise after each lesson provides a variety of sentence patterns word lists grammatical intricacies subtle variations in word phrase meanings with their usage in different situations and showcases the multiple ways of saying the same thing These also provide ample hands on practice through fill in the blanks exercises There is also a pronunciation guide with short notes on stress and rhythm At the end of the book there is a treasure trove in the form of an alert against words often confused between words that are always used in their plural form uncountable nouns words that are often misspelt words that are often mispronounced exercises to equip you against common mistakes that are often made In the fourth edition some more expressions have been included that are now becoming popular The book is thus much richer in expressions and dialogues and is in a more attractive format **Spoken English** Bansal,1998-12 This is a helpful book for teachers and students who

wish to improve their English pronunciation and acquire the correct patterns of accent rhythm and intonation
