
PAST EXAM QUESTIONS

This section contains all the Subject CT1 exam questions from the period 2008 to 2017 that are related to the topics covered in this booklet.

Solutions are given later in this booklet. These give enough information for you to check your answer, including working, and also show you what an adequate examination answer should look like. Further information may be available in the Examiners' Report, ASET or Course Notes. (ASET can be ordered from ActEd.)

We first provide you with a **cross reference grid** that indicates the main subject areas of each exam question. You can use this, if you wish, to select the questions that relate just to those aspects of the topic that you may be particularly interested in reviewing.

Alternatively you can choose to ignore the grid, and instead attempt each question without having any clues as to its content.
