use the advanced techniques that will unlock the true sales potential of your book on KDP **Connecting the Dots**

Eucharia Ezigbo, 2021-04-11 This book connecting the dots is a well refined write up on ebook and paperback publishing It highlighted the step by step methods involved in being a self published author and a consultant publisher who publishes for others for and make money It included the meaning of terms such as reading writing purposeful writing strong writing and the likes It also detailed a straight forward process of creating an Amazon account using kindle direct publishing to publish a readymade file created using the amazing amazon app the kindle create app software Ever heard of the the 97% and 3% theory It s inside this almighty book Also it expanded all the anatomies of a book so that any writer will know what is expected of him depending on the type of book being written The book also highlighted how to make a book become a bestseller so if you re planning to write a bestseller book dive into this wealth of knowledge This book also highlighted strong writing as a sort of writing that captivates the readers such that the audience are willing to do anything to have access to them including paying anything for the write up Some writers don t know when they are supposed to stop writing when they are still writing their manuscripts which is the unpublished book The book also described the difference between a book and a good or acceptable book It also explained the differences between an ebook and a paperback Every book both acceptable and non acceptable ones has some basic sections which must be there before the book will be addressed properly The book also explained the different things that must be noted before writing a book Since a writer cannot just start writing a book without planning In other words a book must be formatted before publishing and this book explained in details the two types of formatting which are the manual and the advanced formatting methods It explained in details the step by step guide on using the kindle create app which is the bedrock of advanced method of publishing It also explains the benefit of KDP for publishing which includes the fact that KDP has a lot of useful features like free file conversion sales tracking and other tools for formatting etc With KDP you can reach more readers and earn more money at no cost and you will be able to upload a single Kindle book or a whole Kindle catalogue The steps to follow in creating a Kdp Account how to resolve the complexity of the Tax form since most countries have norecognizable tax identification number Indicating whether you have a Tax Identification Number TIN Since Nigerian TIN is not recognized because Nigeria has no Tax Treaty with the US Even in Nigeria only companies have TIN and you as an author you are an individual So choose a corresponding alternatives Also how to settle the payment methods withdrawals issues using other online methods since most countries are not allowed to do money transfers using any means including paypals and western union This book also tells us how the international standard book number facilitates ordering acquisition cataloguing and circulation procedures in libraries and documentation centres across political borders It identifies an individual book and its publisher and so is very necessary for a paper back In other words every book has a copyright This copyright is the protection of ownership rights to the contents of the book The information written in any book in the copyright page states the extent to which you can use the contents and who to contact

before usage Copyright abuse is a great crime all over the world It can cost you money and your freedom imprisonment if infringed upon You must be careful when inputting any content on Amazon for publication For example if there are lines you copy from other sources without doing proper referencing amazon will not publish the title and can block your account The copyright page contains the Copyright owner who is an author **Cisco CCNA Command Guide** Stuart

Nicholas,2020-12-26 The market is full of books that claim to have a magic formula to educate you on the concepts of Cisco CCNA They write long descriptions and praise their own ability to summarize a sea in a teacup I do not have tall claims to make I do not claim that this book will change your life overnight I do not claim that this book will make you learn and digest the entire study material in a week A diamond takes time to be what we see in the markets Fruit takes time to ripen before we can eat it In the same manner this book will run its course of time before you are fully prepared for the exam The Cisco CCNA certification is not easy You will have to sweat and burn your blood before you can learn the commands to get ready for the exam I have made sure that the book encompasses all the possible topics you might be looking out for This book will give you details on all the topics in a comprehensive and easy to digest manner The book contains the following topics among others A detailed overview of Cisco Devices Commands for the configuration of routers Networking concepts Routing concepts Deciphering RIP EIGRP and IGRP Open Shortest Path Protocol OSPF Configuration of Switch **Amazon Ads**
