How To Fiction Writing Prompts Guide:

Cells, Teacher's Guide , **A Novel Idea** Greg Smrdel, 2019-07-16 I know it's another book on writing fiction. Trust me, I get the skepticism. There are thousands of such books out there. I've read a good deal of them myself. Problem was, none of them helped me write my novel. All those books accomplished was to make me feel that writing my novel was even further out of my reach. Story Arcs, Protagonists, Climax, Outlines. I was using my analytical left brain to try to do a creative right brain function. That crossed the wires in my brain and consequently nothing happened. I was in neutral. Then I discovered the magic to writing. It is so easy and simple you likely will be amazed by this secret. It's this discovery that allowed me to write or co-write 5 novels in just a year and a half. I purposely kept this how-to guide to writing fiction light and brief. You don't need a 75,000 word tome to help you write. You just need some short, very concise, step-by-step instructions. I have provided those for you. I have also included a FAQ section and a few writing prompts. Will reading and using this guide guarantee that you too will be a published writer? No, that is still up to you. You will have to do the work. But it will jumpstart you in the right write direction.
