and execution A 28 Day Perspective Shift In just four weeks develop the mindset skills and confidence to operate at a CPO level Think bigger and lead with confidence equipping you with the strategies and mindset to operate at the highest level of product leadership Connecting the Dots Eucharia Ezigbo,2021-04-11 This book connecting the dots is a well refined write up on ebook and paperback publishing It highlighted the step by step methods involved in being a self published author and a consultant publisher who publishes for others for and make money It included the meaning of terms such as reading writing purposeful writing strong writing and the likes It also detailed a straight forward process of creating an Amazon account using kindle direct publishing to publish a readymade file created using the amazing amazon app the kindle create app software Ever heard of the the 97% and 3% theory It s inside this almighty book Also it expanded all the anatomies of a book so that any writer will know what is expected of him depending on the type of book being written The book also highlighted how to make a book become a bestseller so if you re planning to write a bestseller book dive into this wealth of knowledge This book also highlighted strong writing as a sort of writing that captivates the readers such that the audience are willing to do anything to have access to them including paying anything for the write up Some writers don t know when they are supposed to stop writing when they are still writing their manuscripts which is the unpublished book The book also described the difference between a book and a good or acceptable book It also explained the differences between an ebook and a paperback Every book both acceptable and non acceptable ones has some basic sections which must be there before the book will be addressed properly The book also explained the different things that must be noted before writing a book Since a writer cannot just start writing a book without planning In other words a book must be formatted before publishing and this book explained in details the two types of formatting which are the manual and the advanced formatting methods It explained in details the step by step guide on using the kindle create app which is the bedrock of advanced method of publishing It also explains the benefit of KDP for publishing which includes the fact that KDP has a lot of useful features like free file conversion sales tracking and other tools for formatting etc With KDP you can reach more readers and earn more money at no cost and you will be able to upload a single Kindle book or a whole Kindle catalogue The steps to follow in creating a Kdp Account how to resolve the complexity of the Tax form since most countries have norecognizable tax identification number Indicating whether you have a Tax Identification Number TIN Since Nigerian TIN is not recognized because Nigeria has no Tax Treaty with the US Even in Nigeria only companies have TIN and you as an author you are an individual So choose a corresponding alternatives Also how to settle the payment methods withdrawals issues using other online methods since most countries are not allowed to do money transfers using any means including paypals and western union This book also tells us how the international standard book number facilitates ordering acquisition cataloguing and circulation procedures in libraries and documentation centres across political borders It identifies an individual book and its publisher and so is very necessary for a paper back In other words every book has a copyright This copyright is the

protection of ownership rights to the contents of the book The information written in any book in the copyright page states the extent to which you can use the contents and who to contact before usage Copyright abuse is a great crime all over the world It can cost you money and your freedom imprisonment if infringed upon You must be careful when inputting any content on Amazon for publication For example if there are lines you copy from other sources without doing proper referencing amazon will not publish the title and can block your account The copyright page contains the Copyright owner who is an author

Bestseller Tactics 2 Glyn Williams, 2013-11 The Ultimate Book Marketing System Includes the latest strategies using Kindle Countdown Deals and Kindle Matchbook So you've self published your kindle book on Amazon and now you're waiting for the money to come rolling in You may be waiting a while and you've learned that it's not as easy as they say to make money with Kindle then chances are that you are spending more and more time marketing than you spend writing and that's not good Creating a book is a great achievement Even when your book is primed for marketing as covered in Bestseller Tactics Book 1 you still need to give it a push to get things rolling The problem is that sometimes you have a good launch and all goes well and sometimes it doesn't work as well This leaves you wondering what you did right and what you did wrong Then of course the sales slip into oblivion and you have to start all over again Frustrating isn't it Imagine if you had a system that guaranteed to get your book moving Giving it the best chance of success in sales How would that feel would it make a difference to you That is what you will find in this second book in the Bestseller Tactics series This book contains a step by step repeatable system of marketing for Kindle and Paperback books on Amazon It covers the launch using a free promotion and continues with the ongoing marketing of your books Breaking the launch process into four stages you will be able to comfortably repeat the same methods time and time again with the results clearly visible in your sales figures The book comes complete with a supporting documentation pack containing checklists and a comprehensive collection of places to market your books for free In total this gives access to almost half a million readers Every single time that the full launch system has been used the book in question has reached well into the top 100 free on a KDP Select promotion all within two days Also hitting the top three of the Hot New Releases That's right Every Single Time What's Inside The Launch System Sustaining Sales Using Paid Promotions The 0.99 Promotion The Re Launch Over 300 places to market your book for free Comprehensive supporting documentation And Much More I'm not going to promise you that everything will be easy those who have read my work before will know that I do not work that way You already know that the business of an author is more a marathon than a sprint Coupled with Book one in the series this will give you a solid system of marketing which makes the best of the Amazon Algorithms and gives you a repeatable method of getting your book seen by readers This book series is aimed at those authors that are serious about selling more books on Kindle using advanced sales marketing techniques The books contain practical advice and methods that are all backed by rigorous testing It's a bullshit free zone unlike many of the books or WSO's available that promise you riches beyond compare You like the sound of that If you

enjoyed the kindle self publishing Bible by Tom Corson Knowles and Derek Doepker's Kindle Bestseller Secrets then you will like this too. If you enjoy the advanced techniques and strategies to sell more books like those shared by David Gaughran in Lets Get Visible and Anbu Rayappan's Kindle Book Millionaire then you'll enjoy this also. Reviews That Shine: How to Get More Positive Reviews on Amazon KDP Max Editorial, 2024-12-17 Kindle universe Direct At KDP Publishing

KDP a positive review can be the fuel that propels a book to success. Reviews are not just a form of feedback but a reflection of the impact your book has had on readers. They play a crucial role in the visibility and credibility of your work. This chapter aims to explore why reviews are so important and how they influence readers' decisions. When a reader is browsing KDP they are faced with a plethora of options. Among these options what usually sets a book apart is its average score and the number of reviews it has. A high score and a large number of reviews create an immediate impression of quality and popularity. This isn't just a matter of appearance. KDP's algorithms also favor books with good reviews which means they are more likely to appear in readers' recommendations and searches. Additionally reviews help build an author's credibility. A book with many positive reviews is seen as a trustworthy choice by potential readers. This translates into greater confidence in clicking the buy button and consequently more sales. However we should not underestimate the impact of a single positive review. Often a well written comment can capture the attention of other readers and encourage them to explore your book.

Practical Example A science fiction book saw its rankings rise significantly on KDP's bestseller lists after a well orchestrated review campaign. Initially the book had few reviews and was struggling to gain traction. After a targeted effort to solicit reviews from beta readers and influencers the book received a slew of positive reviews. This resulted in an improvement not only in sales but also in the book's visibility in KDP recommendations.
