

PAPER: MLA Career Research Essay

Task Introduction & Objective:

One component of the Senior Exhibition is to write a formal research paper on a career of your choice. This piece will be completed as part of your Senior English Class. You will choose a career that you are interested in and/or want to learn more about (using the Career Interest Profiler on Naviance). You will create a Works Cited Page with four or more reputable sources and then use those sources to do extensive research and become knowledgeable about the career you've chosen. You will then write a formal 1000-1500 word, MLA-style academic paper about your career.

Instructions:

Step 1: Choose a career topic. Look at the results from your **Naviance Career Interest Profile**. This is a great opportunity to choose a career for which you supposedly have strengths, but may not know a whole lot about. Of course, it would be ideal if the career was also one you might consider pursuing one day. After doing your profile, a great site for getting started on research and browsing careers is *The Occupational Outlook Handbook*. In fact, you'll probably use this site as one of your four sources.

Step 2: Preview Career Research Questions. The attached **Career Research Questions Worksheet** (also available as a downloadable PDF document – see CHS Senior Exhibition Page online) will help guide your career research. Feel free to also research info about your career that is not on this list. Preview this page prior to looking for sources so you have an idea of what kind of info your sources ought to include.

Step 3: Find Sources. You will need to find a minimum of four reliable, academic sources for this assignment. They can be, but are not limited to: websites, databases, web articles, journals, books from the library, or personal one-on-one interviews with career field experts.

Step 4: Make your MLA Works Cited Page. Use *OWL Online* <http://owl.english.purdue.edu/> to help you format correctly. You can also look at the last page of the **Sample Career Research Paper** (PDF document – see CHS Senior Exhibition Page online) for an example to follow.

Step 5: Research. Use your sources to thoroughly research your career topic. Take notes, using the **Career Research Questions** as a guide. Be sure to not plagiarize info from your sources. Instead, summarize, paraphrase, or quote a source (you should already have written down all source information for Works Cited Page), so you can give credit to it using a citation in your paper. If you plagiarize at this step by writing things down word-for-word without quotes, or not noting the source, you will most likely plagiarize in your written paper, which will lead to a 0 on your final grade.

Step 6: Outline. Use the **Career Research Paper Outline Template** and **Sample Career Paper Outline** questions (downloadable files – see CHS Senior Exhibition Page online) to create your outline.

Step 7: Write your paper. Use your outline to develop your paper citing research from all of your sources. Be sure that you have a well-structured introduction, body, and conclusion. Your final Career Research Paper should be typed in MLA format and should be between 1000-1500 words in length. Be sure to add your Works Cited Page as the last page of the document. Use the **Sample Career Research Paper** as a guide (downloadable PDF documents – see CHS Senior Exhibition Page online).

Step 8: Submit. You will submit the final draft of your paper to the LMS Senior Exhibition Website. Save your file as: `Firstname_Lastname_Career_Paper`. Your English teacher will also probably ask for a hard copy in class. It will be graded according to the CHS English Department Rubric.
