Investigation of Relationship Between the Implementation of Total Quality Management and Customer Satisfaction ,2024-10-10 Master s Thesis from the year 2024 in the subject Business economics Customer Relationship Management CRM University of South Africa language English abstract Despite the importance placed on total quality management as a key to success of an organisation there is still a significant lack of consensus on the extent of its influence on the customer service satisfaction

especially in a public sector This gap in literature prompted this research project This study attempts to address such gap by determining and analysing how and the extent to which implementation of total quality management influence customer service satisfaction The three dimensions of total quality management investigated in this study are continuous improvement leadership and information dissemination These dimensions are selected purposively for this research project from the 8 principles of total quality managements proposed by the ISO 9000 version 2000 The study aims at reporting the implementation of total quality management levels of the uThungulu municipality and the customer service satisfaction levels of uThungulu s customers Furthermore the study also aimed to make recommendations to the uThungulu management on how to improve implementation of total quality management in order to strengthen their service delivery and achieve high customer satisfaction
