everyones busy demanding schedules finding the time to prepare a good salad isn't always possible Yes you can get salad in many fast food restaurants unfortunately most fast food salads are either not fresh contains processed fillers or their dressing contains more calories than their burgers What most people don't know is that many fast food restaurants actually spray their salads with a substance made of propylene glycol to make their lettuce and other vegetables appear fresh when they could actually be up to 3 days old So all these reasons really defeat the purpose of trying to eat healthy Lucky for you I am about to reveal an ingenious way to prepare a tasty mouth watering and healthy salad in a mason jar that can last for up to 7 days without the unwanted chemical spray
