Examine each slide and study the description in the text folder. After studying each slide and the printed text, answer the questions for that slide.

Introduction

When most people hear the word bacteria, they immediately think of germs that cause disease. We are constantly being reminded about washing our hands in order to get rid of germs.

[9]

But scientists have studied thousands of different kinds of bacteria and found that most of them are completely harmless. Not only are most bacteria harmless, a great many are very useful. These bacteria are so helpful that without them we could not have food, clothing, and salts we need to live.
