Aligning Third-grade Fractions Curriculum with the Common Core State Standards: a Teacher's Plan for Implementation Brooke L.N..

Webster, California State University, Sacramento, 2013 The last implementation of state standards was in 1997 when California and the rest of the country were in an economic climate that supported growth in so many aspects including education In 2010 the state of California adopted new State Standards set forth by the federal and state governments California teachers are tasked with implementing these standards however many teachers are not being provided with the necessary tools to support their teaching With larger class sizes and little to no money teachers are being asked to change in an environment that offers them little to no support Common Core Standards are of the educational future in California Due to the lack of financial support in buying new curriculum that aligns to these standards teachers will have to rely on their own professional practices to help them implement to these new standards For the teachers in many districts this means developing support lessons and materials that align with these new standards while using their old non aligned curriculum as the base This master s project will help teachers to bridge the curricular gap in the fractions unit of the third grade math curriculum Macmillan McGraw Hill 2008 The project s supplemental lessons will coincide with the textbook lessons while at the same time aligning with the CCSS This project includes written lesson plans that can be easily implemented by third

grade teachers in my district and will assist them to be teaching based upon the new CCSS Using the current third grade curriculum alongside the Common Core State Standards National Governor s Association Center for Best Practices and Council of Chief State School Officers NGA CCSSO 2010 as well as other fractions resources I developed supplemental fractions lessons that any teacher could use In addition to the detailed lessons themselves the project contains all instructional materials including student in class worksheets and suggested assessments *DIY Project Based Learning for Math and Science* Heather Wolpert-Gawron,2016-02-05 Are you interested in using Project Based Learning to revamp your lessons but aren t sure how to get started In *DIY Project Based Learning for Math and Science* award winning teacher and Edutopia blogger Heather Wolpert Gawron makes it fun and easy Project Based Learning encourages students and teachers alike to abandon their dusty textbooks and instead embrace a form of curriculum design focused on student engagement innovation and creative problem solving A leading name in this field Heather Wolpert Gawron shares some of her most popular units for Math and Science in this exciting new collection This book is an essential resource for teachers looking to Create their own project based learning units Engage student in their education by grounding lessons in real world problems and encouraging them to develop creative solutions Incorporate role playing into everyday learning Develop real world lessons to get students to understand the life long relevance of what they are learning Assess multiple skills and subject areas in an integrated way Collaborate with teachers across subject areas Test authentic skills and set authentic goals for their students to grow as individuals Part I of the book features five full units complete with student samples targeted rubrics a checklist to keep students on track and even Homework Hints Part II is a mix and match section of tools you can use to create your own PBL aligned lessons The tools are available as eResources on our website www.routledge.com 9781138891609 so you can print and use them in your classroom immediately **How to Achieve Common Core with Tech** Ask a Tech Teacher,2013-06-04 160 pages 20 projects over 114 Common Core standards for 9 grades K 8 How to Achieve Common Core with Tech the Math Strand is part of a five volume series that focuses on using technology to meet Common Core standards in Language Writing Reading Speaking Listening and Math **The Mathematics Lesson-Planning Handbook, Grades 3-5** Ruth Harbin Miles,Beth McCord Kobett,Lois A.
