Pozgar, 2023-03-31 Legal and Ethical Issues for Health Professionals 6th Edition has been designed to assist the reader in a more comfortable transition from the didactics of the classroom to the practical application in the workplace The 6th Edition provides the reader with a clearer understanding of how the law and ethics are intertwined as they relate to health care dilemmas The 6th Edition as with previous editions has been designed to introduce the reader to various ethical legal issues and should not be considered an in depth or comprehensive review of a particular ethical legal issue The book is a call to arms to do good things to stand out from the crowd because acts of caring compassion and kindness often go unnoticed **When Doctors Don't Listen** Leana Wen, Joshua Kosowsky, 2013-01-15 In this examination of the doctor patient relationship Drs Wen and Kosowsky argue that diagnosis once the cornerstone of medicine is fast becoming a lost art with grave consequences Using real life stories of cookbook diagnoses gone bad the doctors illustrate how active patient participation can prevent these mistakes Wen and Kosowsky offer tangible follow up questions patients can easily incorporate into every doctor's visit to avoid counterproductive and even potentially harmful tests In the pursuit for the best medical care available readers can't afford to miss out on these inside tips and more How to deal with a doctor who seems too busy to listen to you 8 Pillars to a Better Diagnosis How to tell the whole story of your illness Learning test risks and evaluating whether they're worth it How to get a working diagnosis at the end of every doctor's visit By empowering patients to engage with their doctors as partners in their diagnosis When Doctors Don't Listen is an essential guide that enables patients to speak up and take back control of their health care **Losing Legitimacy** Clifton W. Sherrill, 2018-09-15 This book contends that the transition of leadership from Ayatollah Ali Khamenei will result in a crisis of legitimacy for the Islamic Republic of Iran Using Max Weber's typology of legitimacy the book explains that the Islamic Republic's legitimacy was based on the charismatic authority of the regime's founder Ayatollah Ruhollah Khomeini Since Khomeini's death in 1989 the regime has failed to develop the rule of law necessary for legal rational authority Moreover it abandoned the logical underpinnings justifying clerical rule when a mid ranking cleric rather than a Grand Ayatollah was placed in the position of Supreme Leader With neither a legal basis nor a traditional basis of authority the new leader relied extensively on the cover of Khomeini's charismatic shadow for legitimacy After nearly four decades this shadow is fading Not only will Khamenei's successor lack the same direct ties to Khomeini but the demographic and societal changes in Iran have made the charisma of Khomeini a historical concept rather than a viscerally felt experience First the book analyzes the likely succession scenarios finding the most probable outcome is the appointment of a hardline conservative backed by the regime's security forces Next the regime's economic political and social failures are presented in order to explain why the new leader is likely to try to return to a traditional basis of legitimacy religion Thereafter the book explains how this hardliner focus on religion is likely to result in an aggressive

Iranian foreign policy toward the United States Israel and Saudi Arabia impacting the region's security **Democracy and Reform in the Middle East and Asia** Amin Saikal, Amitav Acharya, 2013-12-23 The protests that swept across the Middle East and North Africa in late 2010 and 2011 confounded long time observers of the region in both the media and academia After addressing the conditions in the Middle East and North Africa that produced these attempts at revolution Amin Saikal and Amitav Acharya explore the global impact of the protests both in terms of their ideological influence on opposition groups and the prospects for democratic transition in a variety of authoritarian and semi authoritarian governments Democracy and Reform in the Middle East and Asia commences with a comprehensive attempt to understand the cultural economic and political background out of which the uprisings in Egypt Tunisia and Libya emerged It then expands outwards investigating the impact of the Arab uprisings on a regional level in other Middle Eastern and north African states such as Iran Morocco and Algeria and on a more global level in the Asian states of China Malaysia Singapore Indonesia and the former Soviet Muslim republics Saikal and Acharya bring a global perspective to the still unfolding wave of calls for more meaningful political participation which continues to make itself felt in the Middle East to shed light upon the ideal role of both regional and international actors in promoting sustainable transitions from authoritarianism to democracy This book not only offers explanations for why certain countries were more susceptible to the spread of the uprisings in the Middle East and North Africa but also contrasts the organic and grassroots vehicles for democratization characteristic of the most recent Arab uprisings with the Western model of externally imposed regime change to illustrate the conditions necessary for a successful democratic transition Touching on perennial issues in politics for example democracy authoritarian rule and social protest this book is vital for researchers of politics and international relations *Don't Talk About Politics* Sarah Stein Lubrano, 2025-05-15 Democracy is dying because we are clinging to a dangerous and outdated myth talking about politics can change people's minds It doesn't This provocative debut from a bold new voice combines a fascinating range of research to show us the psychological and sociological factors that really shape our politics Drawing from ancient philosophy to modern neuroscience and social science Dr Sarah Stein Lubrano reveals the surprising truth about how people think and behave politically From friendship to community organizing and social infrastructure she explores the actions that actually do change minds In a world where politics keeps getting more irrational dishonest violent and chaotic it's getting much harder to reach people with words alone So people who really care about democracy must ask how can we stop arguing and do the deep work to build stronger foundations for political life and a better world for us all **The Times Index**, 2011 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement **Atlanta Magazine**, 2005-01 Atlanta magazine's editorial mission is to engage our community through provocative writing authoritative reporting and superlative design that illuminate the people the issues the trends and the events that define our city The magazine informs challenges and entertains our readers
