

CHAPTER ONE

I scowl with frustration at myself in the mirror. Damn my hair—it just won't behave, and damn Katherine Kavanagh for being ill and subjecting me to this ordeal. I should be studying for my final exams, which are next week, yet here I am trying to brush my hair into submission. *I must not sleep with it wet. I must not sleep with it wet.* Reciting this mantra several times, I attempt, once more, to bring it under control with the brush. I roll my eyes in exasperation and gaze at the pale, brown-haired girl with blue eyes too big for her face staring back at me, and give up. My only option is to restrain my wayward hair in a ponytail and hope that I look semi-presentable.

Kate is my roommate, and she has chosen today of all days to succumb to the flu. Therefore, she cannot attend the interview she'd arranged to do, with some mega-industrialist tycoon I've never heard of, for the student newspaper. So I have been volunteered. I have final exams to cram for and one essay to finish, and I'm supposed to be working this afternoon, but no—today I have to drive 165 miles to downtown Seattle in order to meet the enigmatic CEO of Grey Enterprises Holdings, Inc. As an exceptional entrepreneur and major benefactor of our university, his time is extraordinarily precious—much more precious than mine—but he has granted Kate an interview. A real coup, she tells me. Damn her extracurricular activities.

Kate is huddled on the couch in the living room.

"Ana, I'm sorry. It took me nine months to get this interview. It will take another six to reschedule, and we'll both have graduated by then. As the editor, I can't blow this off. Please," Kate begs me in her rasping, sore throat voice. How does she do it? Even ill she

The Political Humanism of Hannah Arendt Michael H. McCarthy, 2012-08-17 At the end of the Second World War when the horror of the holocaust became known Hannah Arendt committed herself to a work of remembrance and reflection Intellectual integrity demanded that we comprehend and articulate the genesis and meaning of totalitarian terror What earlier spiritual and moral collapse had made totalitarian regimes possible What was the basis of their evident mass appeal To what cultural resources and political institutions and traditions could we turn to prevent their recurrence After years of profound study Arendt concluded that the deepest crisis of the modern world was political and that the enduring appeal of political mass movements demonstrated how profound that crisis had become For Arendt the modern political crisis is also a crisis of humanism The radical totalitarian experiment was rooted in two distorted images of the human being The agents of terror believed in the limitless power generated by strategic organization a power exercised without restraint and justified by appeal to historical necessity The victims of terror by contrast were systematically dehumanized by the ruling ideology and then brutally deprived of their legal rights and their moral and existential dignity Arendt s political humanism directly challenges both of these distorted images the first because it dangerously inflates human power the second because it deliberately subverts human freedom and agency This book offers a dialectical account of the political crisis that Arendt identified and shows why her interpretation of that crisis is especially relevant today The author also provides detailed analysis and appraisal of Arendt s political humanism the revisionary anthropology she based on the politically engaged republican citizen Finally the work distinguishes the merits from the limitations of Arendt s genealogical critique of our tradition of political thought showing that she tended to be right in what she affirmed and wrong in what she excluded or omitted
