World War I Questions & Answers

What was the main cause of World War I?

World War I began after the assassination of Austrian archduke Franz Ferdinand by South Slav nationalist Gavrilo Princip on June 28, 1914.

What countries fought in World War I?

The war pitted the Central Powers (mainly Germany, Austria-Hungary, and Turkey) against the Allies (mainly France, Great Britain, Russia, Italy, Japan, and, from 1917, the United States).

How was trench warfare used in World War I?

Why was the Lusitania important?

The British ocean liner's demise contributed indirectly to the United States' entry into World War I. In 1915 it was sunk by a German U-boat, resulting in the death of 1,198 people, including 128 Americans. Despite outrage over the incident, the U.S. government continued to pursue a policy of neutrality for another two years. However, German submarine warfare was cited when the United States declared war in 1917.

Who won World War I?

The Allies won World War I after four years of combat and the deaths of some 8.5 million soldiers as a result of battle wounds or disease.

What was the significance of World War I?

The United States emerged as a world power, and new technology made warfare deadlier than ever before.

What were the main provisions of the Treaty of Versailles?

The Treaty of Versailles gave Germany new boundaries. Alsace-Lorraine was given to France and Eupen-Malmédy to Belgium. Territory in eastern Germany was awarded to a reconstituted Poland. Memelland was placed under French supervision, and Saarland was placed under the administration of the League of Nations, but France was given control of its coal. In addition, a demilitarized zone was created between Germany and France. Germany was required to accept responsibility for causing all the damage of the war that was "imposed upon [the Allies] by the aggression of
